### About

You can control whether the player updates automatically to the latest version or stays on the current version.

### Set version control

**VOD** **AUDIO** **REELS**

1. In the KMC, open your player, then go to the settings tab (look for the **gear icon**).

2. Scroll down to the **General** section and find **Stay on latest version**.

3. Click the toggle to enable the setting.

**Stay on latest version**

Updating the player to the latest version will uncheck the "Keep on Current Version [xx]" radio button in the Studio.

4. Click **Save** at the top right of the settings page.
