About

Enable this option to allow voice narration of the visuals and actions happening on screen. If you choose to enable extended audio description, additional options display.

The Extended audio description plugin is not supported on live entries.

Example of Extended audio description **enabled**, and Full screen overlay **disabled**:

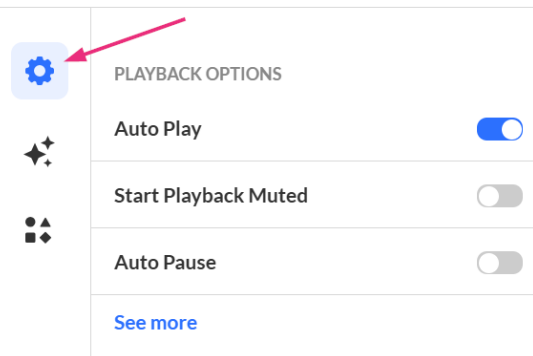

Set extended audio description

VOD

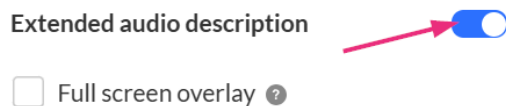

1. In the KMC, open your player, then go to the settings tab (look for the **gear icon**).

< Smart player 56381652

2. Scroll down to the **Capabilities** section and find **Extended audio description**.

3. Click the toggle to open the settings.

4. **Full screen overlay** - Choose whether you would like the description overlay to be shown in a full-screen mode.

5. Click **Save** at the top right of the settings page.
