About

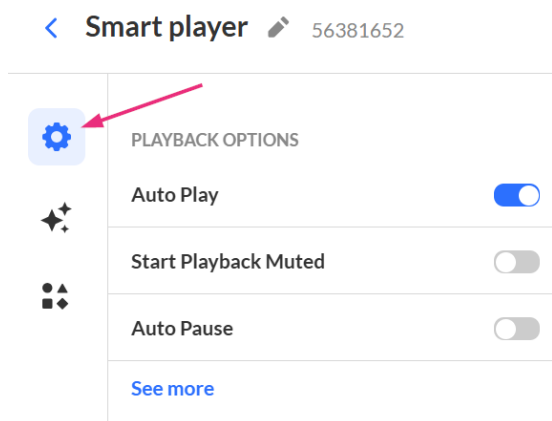

When enabled, text protection prevents users from highlighting, selecting, and copying text in transcripts, captions, and Q&A content.

Set text protection

VOD

1. In the KMC, open your player, then go to the settings tab (look for the **gear icon**).

2. Scroll down to the **Capabilities** section and find **Text protection**.
3. Click the toggle to enable the setting.

Text protection

4. Click **Save** at the top right of the settings page.

For the user guide, see [Text protection plugin](#).
