 This article is designated for administrators.

## About

Use the banner overlay capability to display text directly on the player. The banner appears over the video with a semi-transparent background to keep the message readable on any content.

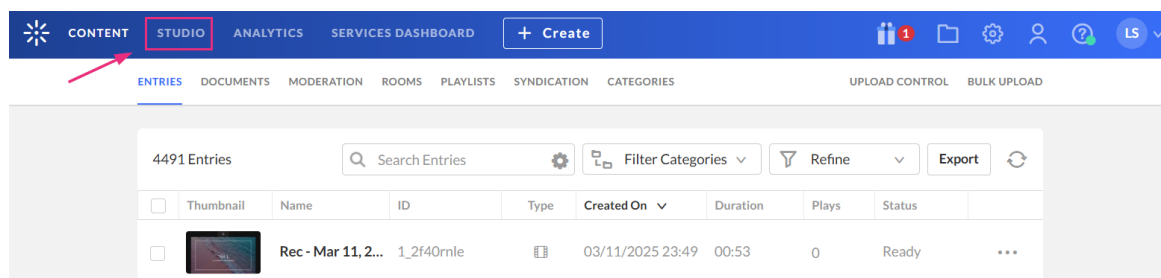

Banners are useful for short notices such as disclaimers, promotions, or alerts.

## Access the player settings

1. Log in to your KMC and click the **Studio** tab.

The **Player Studio** page displays.

- Click the player you want to edit from the list (or use the search bar in the top right).

If you haven't created a player yet, check out our article [Create a player](#) for guidance.

4. Configure the following:

- **Banner text** – Enter the message to display.
- **Wrap** – Check this setting to allow the text to wrap onto multiple lines. If unchecked, the text will stay on one line (may truncate).
- **Alignment** - Choose where to place the banner on the player
- **Display duration** – Set the duration (in seconds) that you want the banner to remain visible. Enter 0 for unlimited.
- **Show close button** – Enable viewers to close the banner while it's displayed. If closed, it will reappear when the video is loaded again.

5. Click **Save** at the top right of the settings page.
