

Launch Kaltura Webcast studio and copy studio link to share

Last Modified on 10/01/2025 4:27 pm IDT

 This article is designated for all users.

Launch the Kaltura Webcast studio

You may activate your broadcast studio, add slides and images to your live session, and start broadcasting directly from a Kaltura webcast studio (if the stream has already been initiated through the encoder tool).

1. Click on the **Basics** tab.
2. Click one of the **Launch webcast studio** buttons (either at the top of the screen or at the bottom of the screen after Live stream details section).

The Kaltura webcast studio displays.

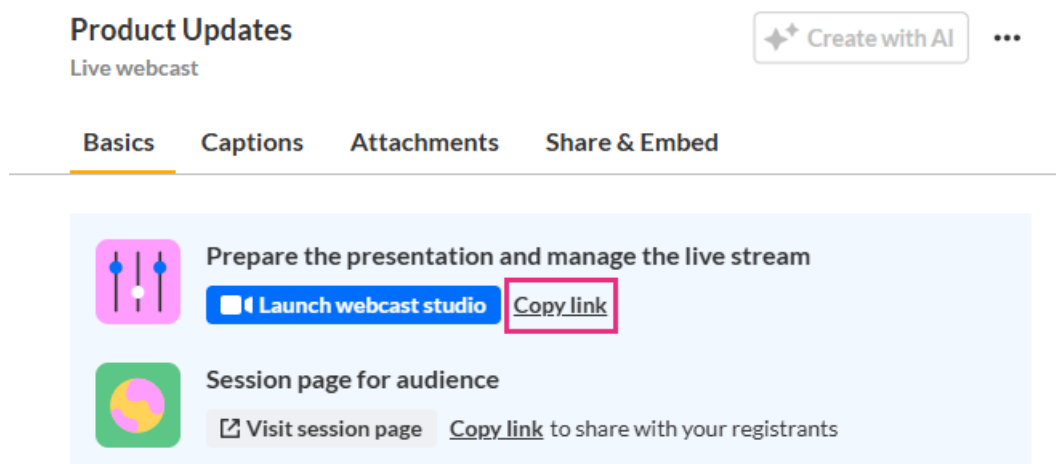

See the [Kaltura webcast studio](#) of the Kaltura Knowledge Center for complete information.

Copy studio link to share with a moderator

Let the moderators access the webcast studio and begin preparing ahead of the broadcast.

1. Click on the **Basics** tab.
2. Click **Copy link**.

3. Share this link with the moderator.
