About

This article describes how to edit a DIY live webcast session.

DIY live webcasts give you the ability to broadcast/webcast a Kaltura live session directly from a Kaltura Studio room. Simply create a DIY live webcast session, then navigate to the Studio room and begin broadcasting.

Access session editing capabilities

There are two ways to reach session editing capabilities:

- On the Event Overview page, in the Agenda at a glance section, hover over the session you would like to edit, then click the blue pencil (edit) icon.

Marketing for Gen-Z: The right way

Description

B *i* u

With the rise of virtual events, the divide between business get-togethers and other marketing channels has become blurrier than ever, and a new digital marketing funnel has emerged. But it couldn't have happened without the creativity and smarts of all those marketers who wielded their events into immersive experiences and personal interactions that fit right into people's every day, anywhere on the customer journey.

Create with AI

Enrich and repurpose your content into engaging, snackable experiences with Kaltura's AI-powered post-production assistant. Click to access [Content Lab](#) functionality. This button will be active and enabled only on sessions with applicable media uploaded. See [Create highlight clips with AI](#) and [Create a summary and chapters with AI](#) for more

information.

Basics tab

Configure the core details of your event, like title, description, and tags. Launch the studio, access a direct link to the session page, manage recordings, and much more.

- [Launch Kaltura Studio room and copy studio link to share](#)
- [Visit session page and copy session page link to share](#)
- [Edit session details](#)
- [Manage recordings](#)

Captions tab

Manage captions and translations for your session. Order, upload, edit, download, delete, and set default captions, and much more.

The ability to order captions and translation must be enabled and configured on your account. If they are not, please contact your Kaltura representative to enquire about adding them. If captions and translation are enabled and configured on your account, you may order them only after creating your session and accessing the Captions tab of the Edit session page.

Share & Embed tab

Looking for more information about this feature? Feel free to contact your Kaltura representative.

When using Kaltura's Live Broadcasting services, you can choose to share (re-stream) your scheduled live event to any RTMP based live broadcasting service. When re-stream is set, Kaltura will take care of replicating your live stream and concurrently stream it to additional live broadcasting services such as social media live streaming.

You may share (restream) and embed only after creating your session and accessing the Share & Embed tab of the Edit session page.

You may share (restream) and embed future sessions only.
