 This article is designated for faculty members.

### About

Instructors can enable **Genie** in their course media galleries to let students ask questions and discover content based on the videos and documents in that course.

If **Agentic Avatars** are enabled for your Genie configuration, students can also start a live avatar conversation within the media gallery's Genie experience.

To enable the **avatar** experience, contact your Kaltura representative.

### Enable Genie on a media gallery

1. Access your course, then click on **Media Gallery**.

The Media Gallery displays.

Your additional media will be presented once it is ready and approved. Refresh Now
