Add Genie to specific galleries in Content Hubs

Last Modified on 04/19/2026 12:47 pm IDT

This article is designated for all users.

About

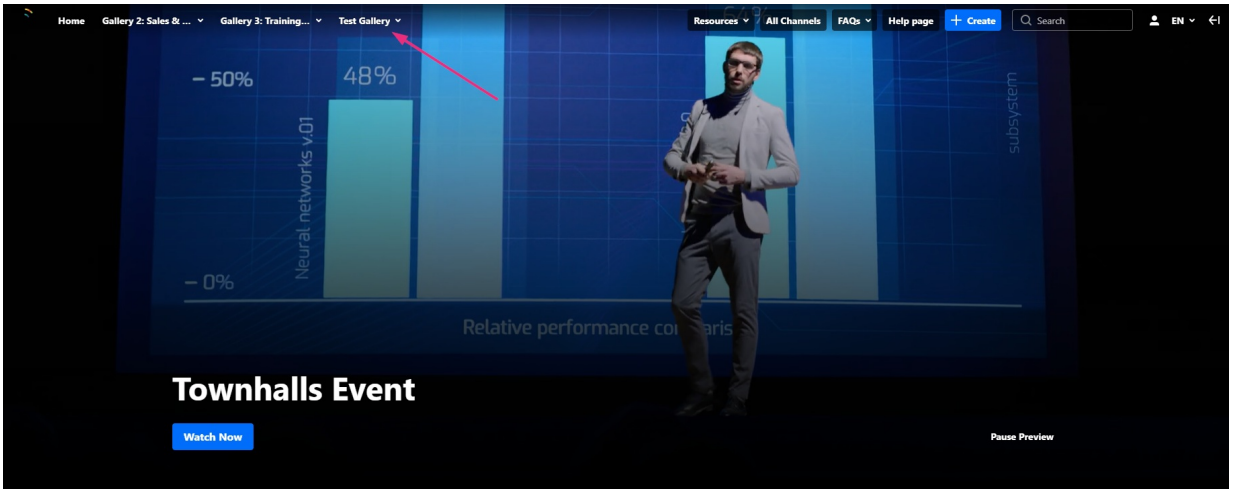
Gallery managers can enable Genie in their galleries to let users ask questions and discover content based on that gallery's media.

If **Agentic Avatars** are enabled for your Genie configuration, users can also start a live avatar conversation within the gallery's Genie experience.

To enable **Agentic Avatars** for your Genie configuration, contact your Kaltura representative.

Access the gallery settings

1. In your Video Portal, select the gallery you want to manage from the navigation bar.



The gallery page displays.

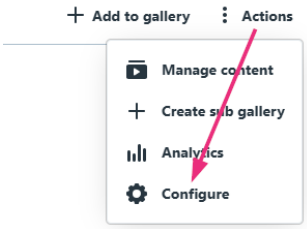
2. On the gallery page, click the **Actions** menu at the far right and choose **Configure**.



The edit page opens on the **Details** tab by default.

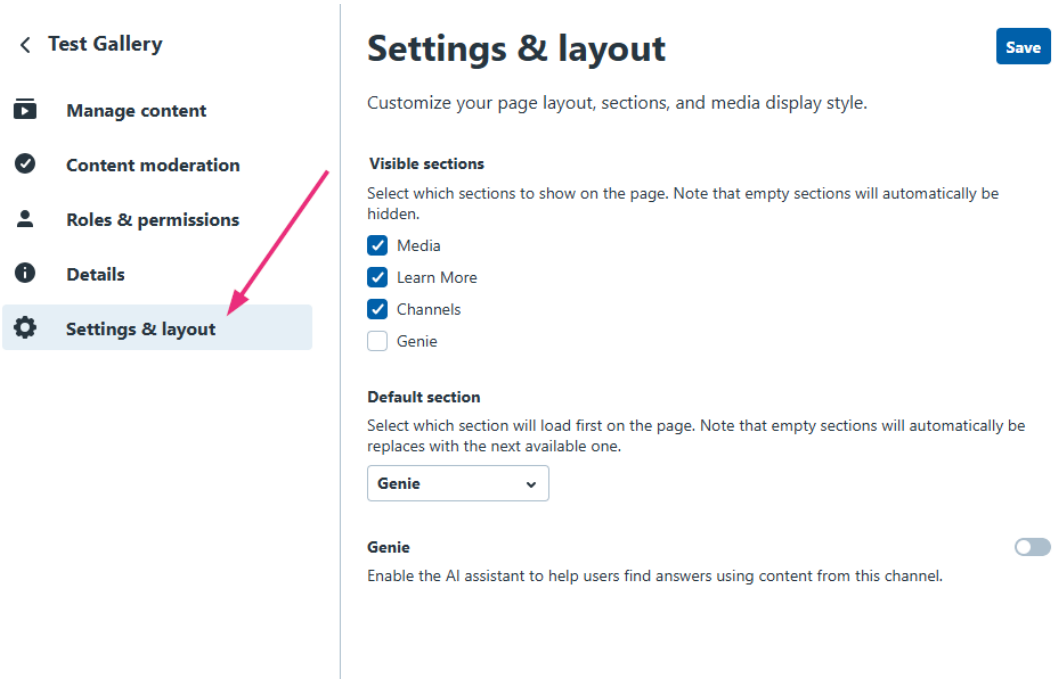
Enable Genie

1. In the gallery edit page, click the **Settings & layout** tab.



2. Toggle on **Genie** (it may already be enabled by default, depending on your admin's setup).

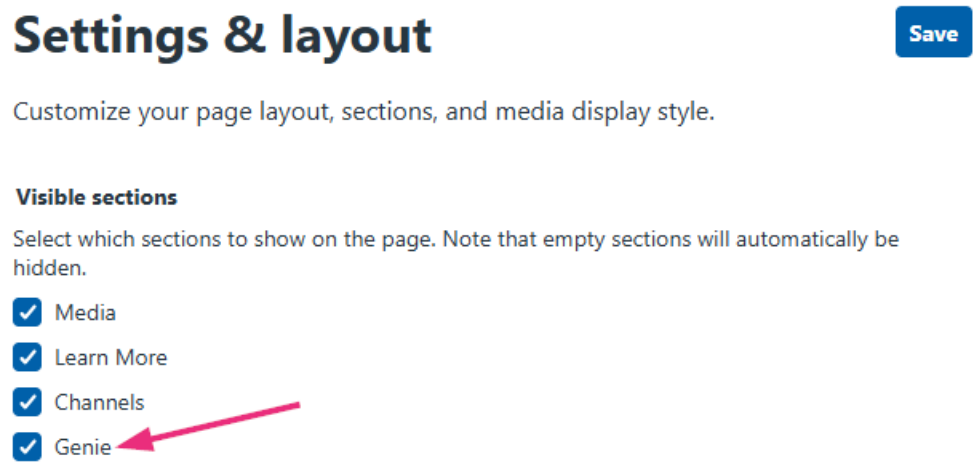
Display Genie in the gallery

1. In the **Visible sections** area, select the **Genie** checkbox.



2. (Optional) In the **Default section** dropdown, select **Genie** to open the gallery on the Ask anything experience by default.

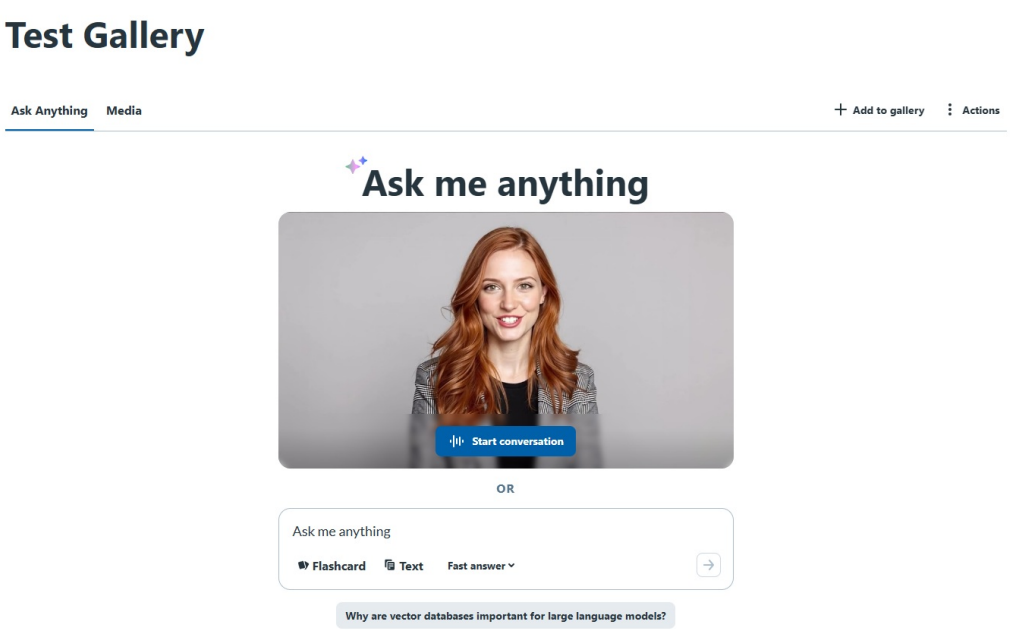
3. Click **Save**.

How Genie appears in a gallery

When Genie is enabled:

- An Ask anything experience appears in the gallery
- Users can ask questions based on content within that gallery

If Agentic Avatars are enabled, users can also start a live avatar conversation within this experience.



See Ask Genie a question using text and Talk to an Agentic Avatar for the end-user experience.
