Add Genie to a specific media gallery in LMS Extensions

Last Modified on 07/13/2026 12:29 pm IDT

This article is designated for faculty members.

About

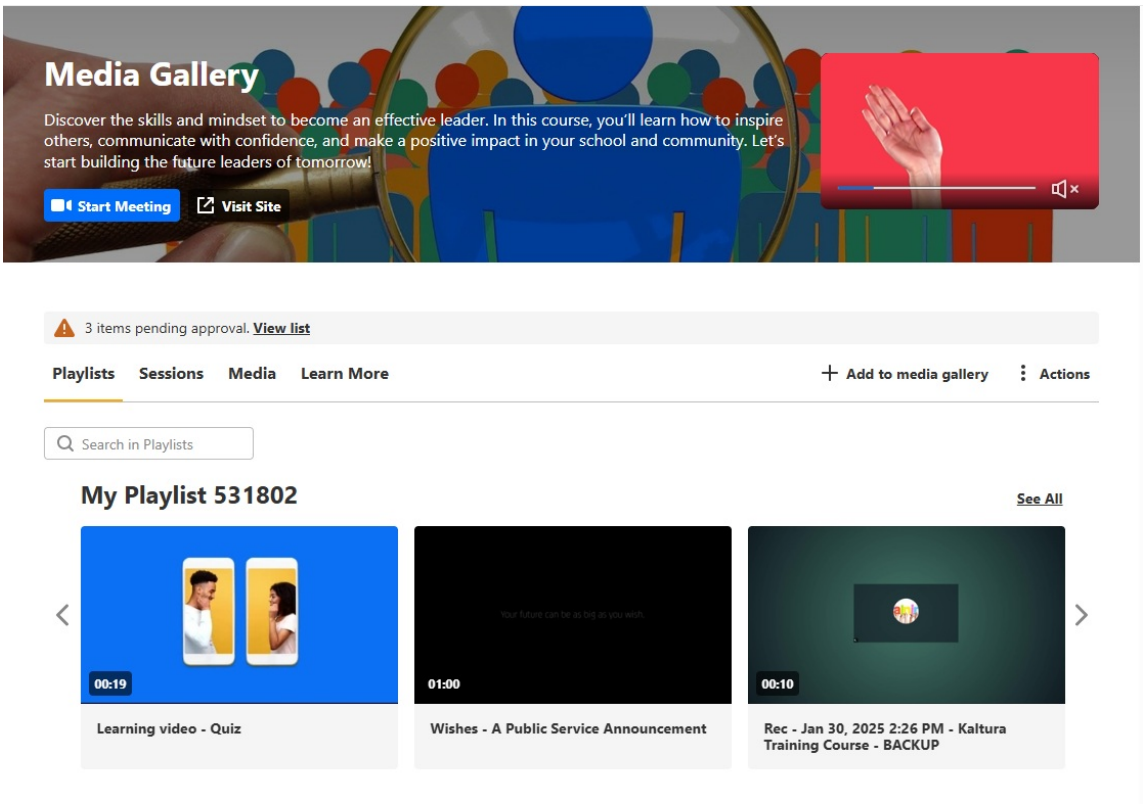

Instructors can enable **Genie** in their course media galleries to let students ask questions and discover content based on the videos and documents in that course.

If **Agentic Avatars** are enabled for your Genie configuration, students can also start a live avatar conversation within the media gallery's Genie experience.

To enable the avatar experience, contact your Kaltura representative.

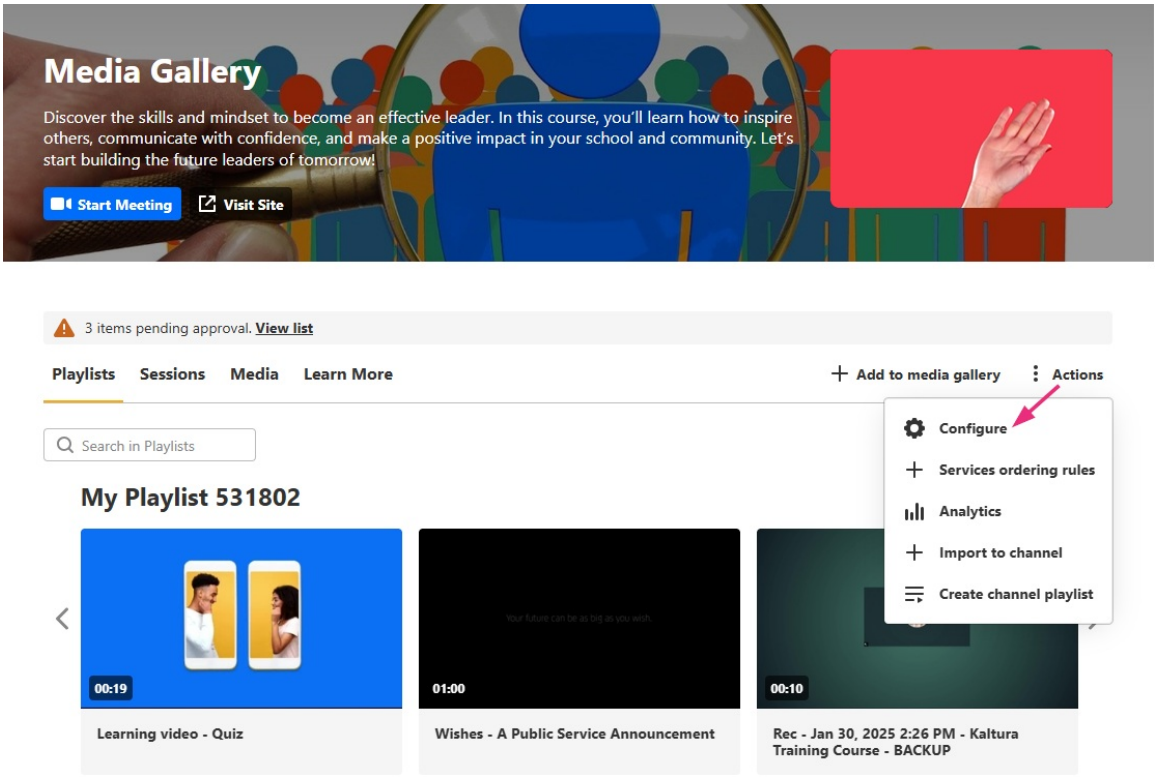

Access the edit page

1. Access your course, then click on **Media Gallery**.
   The Media Gallery displays.

2. Click the **Actions** menu at the top right and select **Configure**.

The edit page displays.

> The tabs that are displayed on the edit media page depend on your admin configuration.

If **Display embedded media in this media gallery** is selected, Genie also pulls information from the embedded videos that appear in the Media Gallery, so its answers reflect all content available to students.

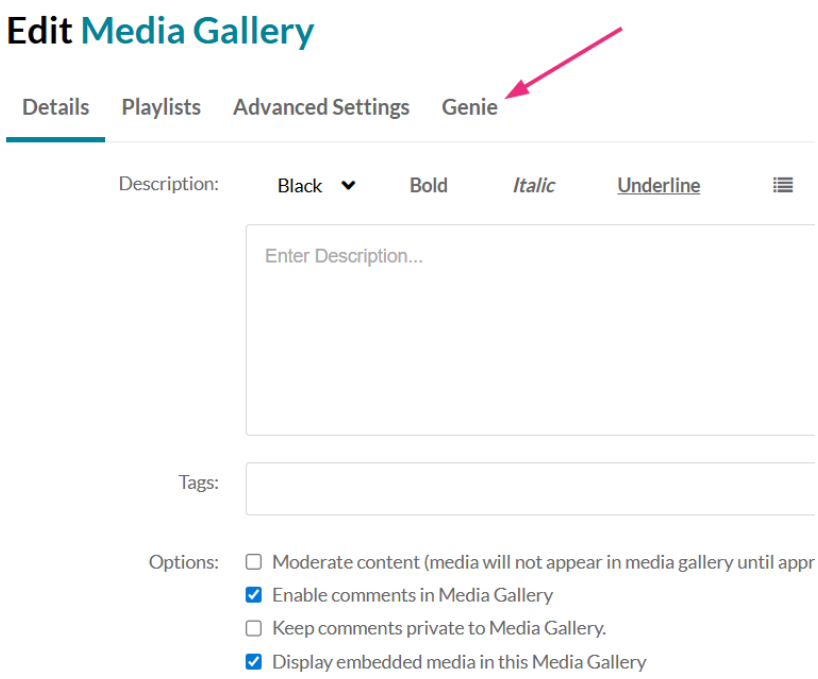

Enable Genie

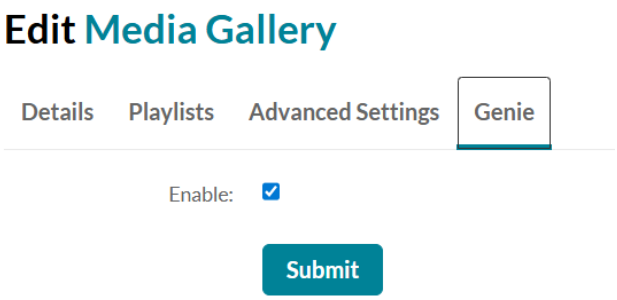

1. In the edit page, click the **Genie** tab.

>
> The Genie tab appears only if your admin has made Genie available.

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

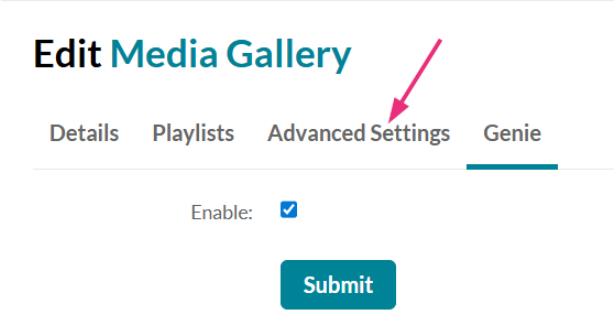

2. Check the **Enable** box then click **Submit** (it may already be enabled by default, depending on your admin's setup).

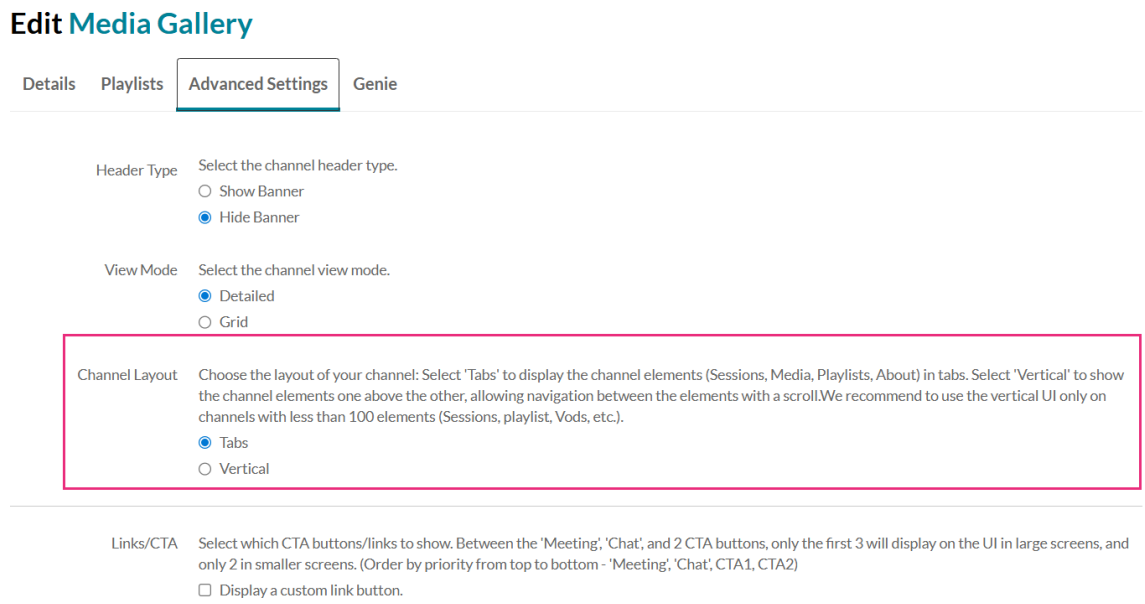

Set Genie's display

1. Click the **Advanced settings** tab.

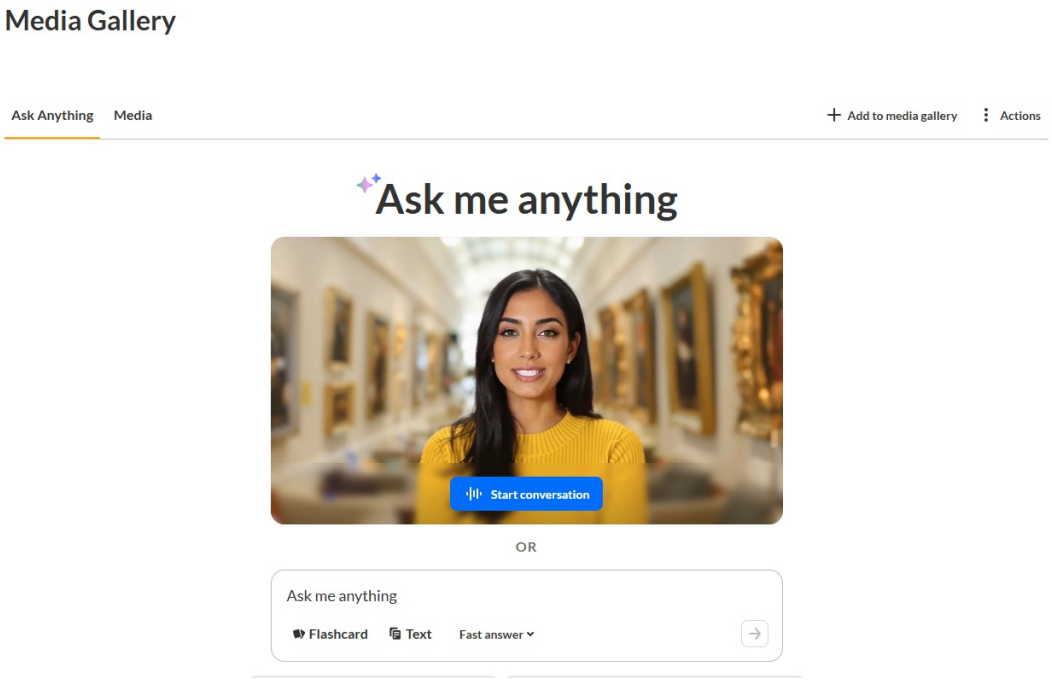

2. Scroll down to **Channel layout**.

3. In the Channel layout section, choose **Tabs** or **Vertical**.
   When the media gallery uses **Tabs** view, Genie appears as a new 'Ask anything' tab on the media gallery page.

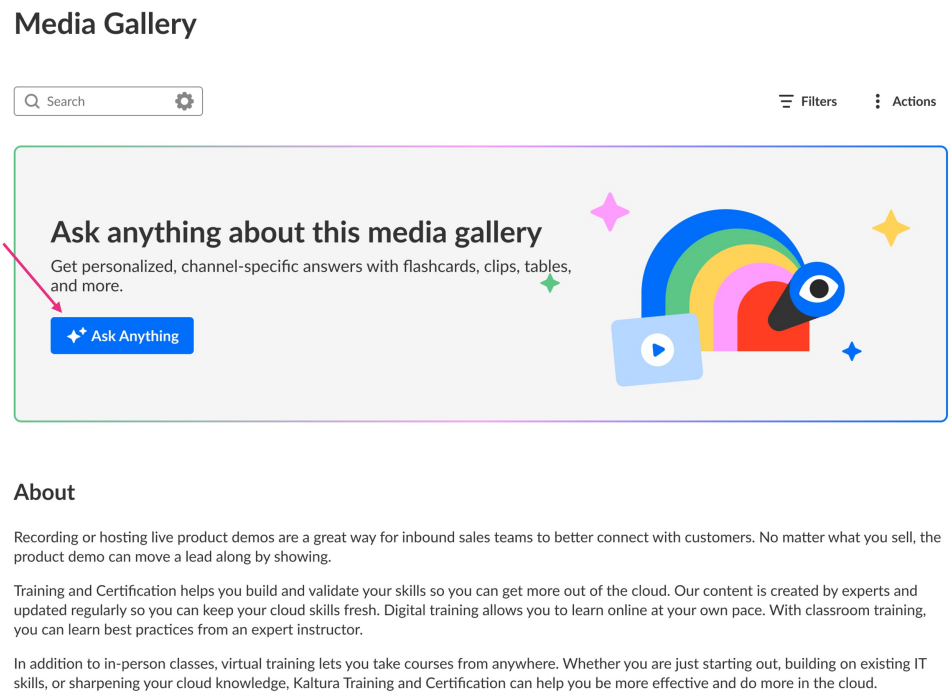

When you ask Genie a question the results are presented in the context of that media gallery.

You can set Genie as the default tab so that visitors land on the 'Ask Anything' tab when they open the media gallery. This is managed in Advanced settings of

the edit page.

When the media gallery uses **Vertical** view, a Genie section appears on the media gallery page. The section includes a short description with an 'Ask Anything' button.

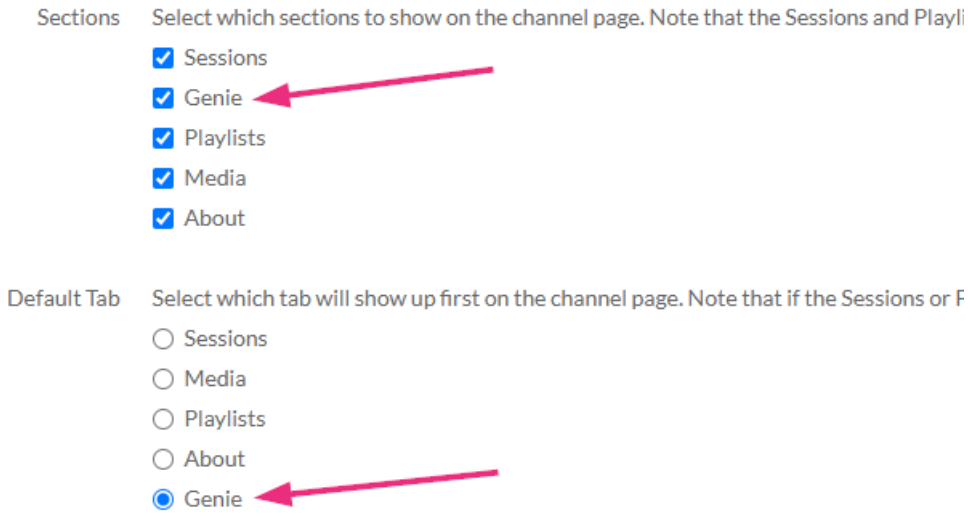

Clicking the button opens the dedicated Genie page.

4. Next, scroll down to **Sections**, and check the box next to **Genie** to display the 'Ask anything' experience on the media gallery page.
5. (Optional) In the **Default tab** settings, check the box next to **Genie** so that visitors land on the 'Ask Anything' tab first when they open the media gallery.

6. Click **Save**.
