About

Instructors can enable Genie in their course media galleries to let students ask questions and discover content based on the videos and documents in that course.

The instructions below are for non-Theming users. If you have Theming enabled, please refer to our article *Add Genie to a specific media gallery - Theming*.

Enable Genie on a media gallery

1. Access your course, then click on **Media Gallery**.
   The Media Gallery displays.

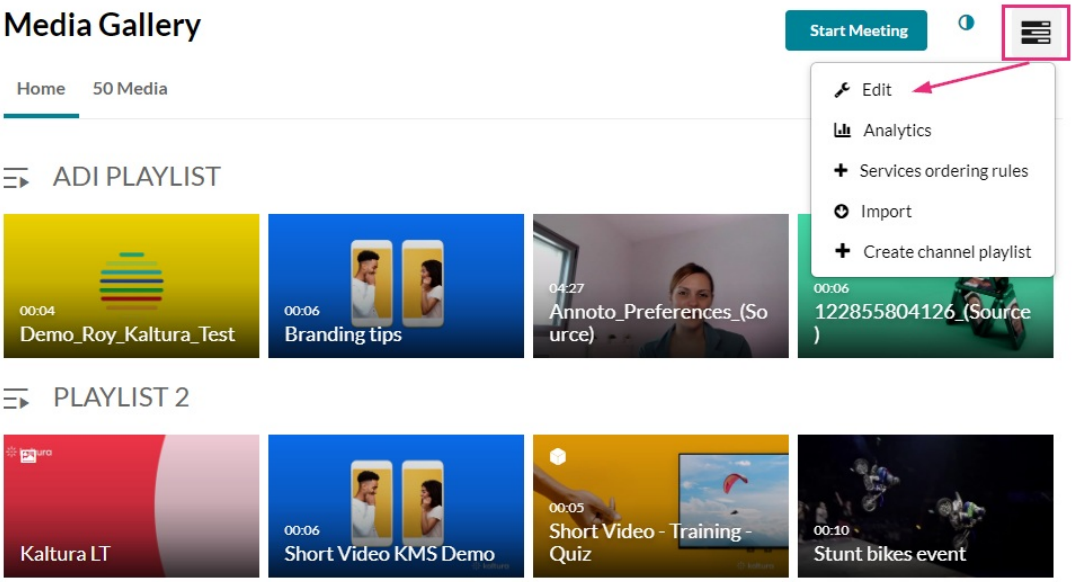
2. Click the **edit icon** (three bars) at the top right and select **Edit**.



The edit page displays.

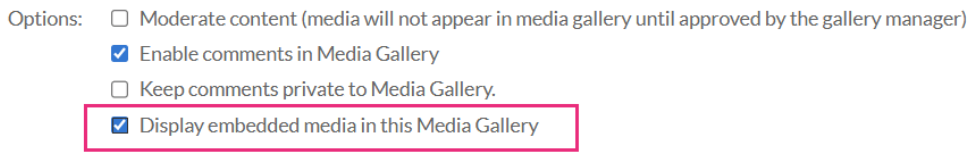
If **Display embedded media in this media gallery** is selected, Genie also pulls information from the embedded videos that appear in the Media Gallery, so its answers reflect all content available to students.



3. On the edit page, click the **Genie** tab.

> The Genie tab appears only if your admin has made Genie available.

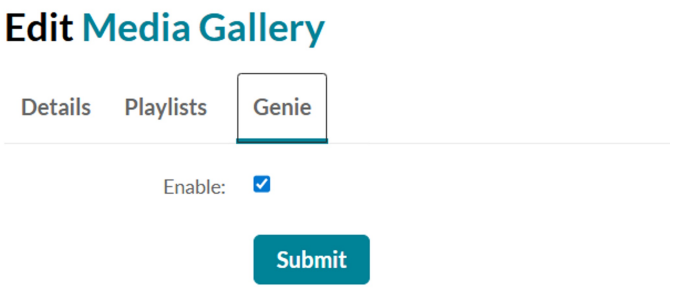
4. Check the **Enable** box then click **Submit** (it may already be enabled by default, depending on your admin's setup).



The 'Ask Anything' tab displays on the media gallery page.
