

Brand your channel - Theming

Last Modified on 02/06/2026 11:35 pm IST

 This article is designated for all users.

About

Use the **Branding** tab to customize the top area of your channel page with a banner image, logo, and featured header media.

The Branding tab appears only if it's enabled by your admin.

The instructions below are for [Theming](#) users. If you don't have Theming enabled, please refer to our article [Manage a channel](#).

Who can use this

- Channel owners
- Channel managers

Access the Branding tab

1. From the user menu, select **My Channels**.

The **Channels** page displays.

Channels

Search for channels Membership: 1 Types: All Sort By + Create channel

31 Media

Training channel
4 Members • 0 Subscribers

Kaltura Learning

[Let's Chat](#)

[Media](#) + Add to channel Actions

- At the far right, click the **Actions** menu and select **Manage content**.

The 'Manage content' option appears only if the **channeledit** setting is enabled

in the [Theming module](#). If you don't see it, ask your administrator to enable it.

The 'Manage content' page opens.

4. In the left navigation panel, click **Branding**.

A screenshot of the "Manage content" page. On the left, a sidebar titled "Kaltura Learning" shows a list of options: "Manage content" (selected and highlighted in blue), "Content moderation", "Roles & permissions", "Meeting Room", "Details", "Branding" (selected and highlighted with a pink arrow), and "Settings & layout". The main content area is titled "Manage content" and contains the sub-instruction "Easily update your channel media by adding or removing items." Below this are a search bar and a "Filters" button. To the right is a blue icon of a video camera with a play button. The text "No content available yet" is displayed, followed by the instruction "Add media items to this current channel" and a "Add to channel" button.

The branding settings display.

Branding

Customize your channel appearance and branding.

Header banner

Set the channel's header background. Suggested image dimensions are 1920X1080px. Use images without text; text inside images may appear blurred on smaller screens.

Add image banner to your channel's header

Channel logo

Add a channel logo. Suggested image dimensions are 400x400px.

Add a logo to your channel

Header media

Select a video to display on the channel's header. You can also select an existing media from the "Manage content" tab.

Configure branding settings

Add or update the channel banner

1. In the **Header banner** section, click the image field.

Branding

Customize your channel appearance and branding.

Header banner

Set the channel's header background. Suggested image dimensions are 1920X1080px. Use images without text; text inside images may appear blurred on smaller screens.

Add image banner to your channel's header

2. Browse to and select the desired image from your device.

The image processes and displays when ready.

To remove the image or upload a new one, click **Edit thumbnail** and choose one of the actions.

Header banner

Set the channel's header background. Suggested image dimensions are 1920X1080px. Use images without text; text inside images may appear blurred on smaller screens.

Channel logo

Add a channel logo. Suggested image dimensions are 400x400px.

Your changes are saved automatically.

Good to know

- The image is uploaded as-is, so choose a horizontal image that fits the banner space. If the image doesn't match the layout, parts of it may be cut off in the channel header.
- Banner images uploaded here aren't added to [My Media](#).
- Some channel types or configurations may not allow banner changes.

Add or update a channel logo

1. In the **Channel logo** section, click the logo image field.
2. Browse to and select the desired image from your device.

The image processes and displays when ready.

To remove the logo or upload a new one, click **Edit logo** and choose one of the actions.

Channel logo

Add a channel logo. Suggested image dimensions are 400x400px.

Your changes are saved automatically.

Set header media

Header media appears on the right side of the channel header and lets you feature a video. If a video is already set, you can remove or replace it here.

1. In the **Header media** section, click the media field.

Header media

Select a video to display on the channel's header. You can also select an existing media from the "Manage content" tab.

2. Browse to a video file on your computer and upload it.

To remove the video or upload a new one, click **Edit video** and choose one of the actions.

Header media

Select a video to display on the channel's header. You can also select an existing media from the "Manage content" tab.

Your changes are saved automatically.

Things to know

- Only one media item can be used as header media at a time.
- To use existing media as header media, go to the **Manage content** tab.

What viewers see

After updating the branding settings, the channel displays a custom banner, logo, and featured header media at the top of the page.
