

## Edit channel details - Theming

Last Modified on 02/06/2026 11:26 pm IST

 This article is designated for all users.

### About

You can update your channel's basic information and visibility from the **Details** tab. This includes editing the channel name and description, setting privacy options, and deleting the channel if it's no longer needed.

The Details tab appears only if it's enabled by your admin.

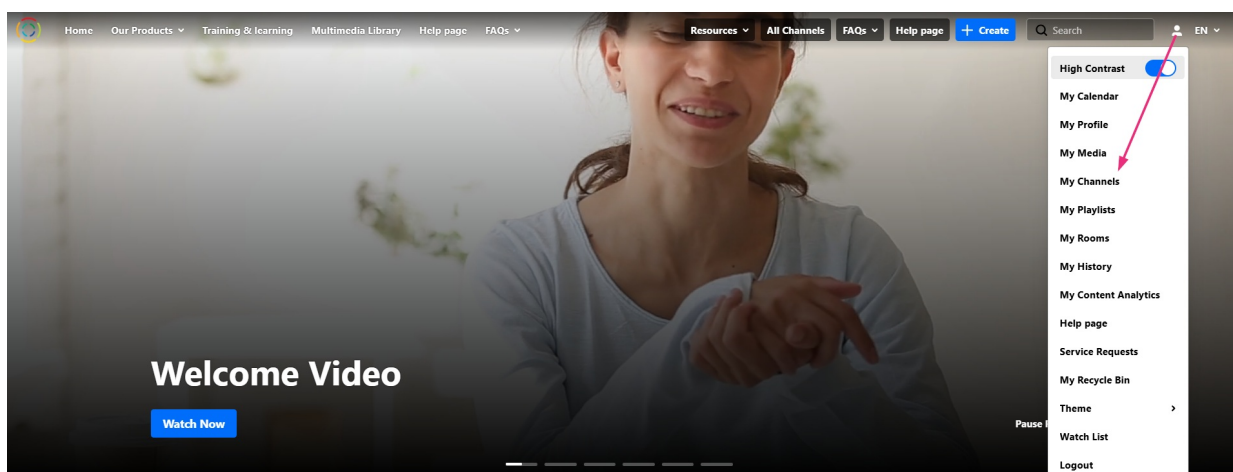

The instructions below are for [Theming](#) users. If you don't have Theming enabled, please refer to our article [Edit a channel](#).

### Who can use this

- Channel owners
- Channel managers

### Access the Details tab

1. From the user menu, select **My Channels**.

The **Channels** page displays.

Test room

- At the far right, click the **Actions** menu and select **Configure**.

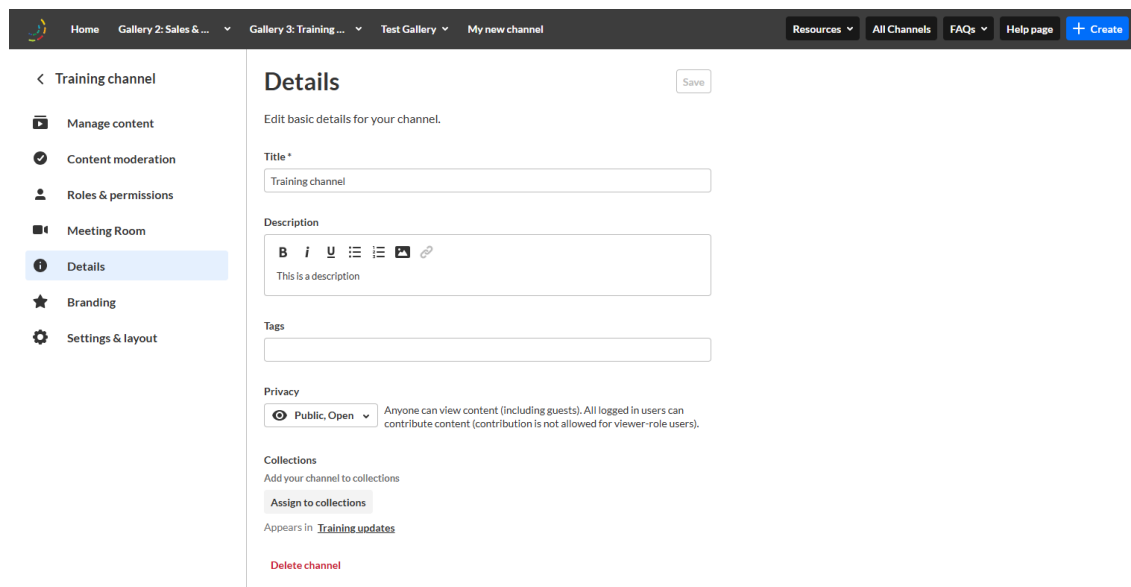

You must enable the Channel Theming UI module for 'Configure' to appear in the Actions menu.

The configure page opens on the **Details** tab by default with a left-hand navigation.

The screenshot below shows an example of the configure page. If 'channeledit' is set to 'Yes' in the Theming module, the page will appear as shown. If it is set to 'No', the page will look different.

Make your changes, then click **Save** at the top right of the page.

## Edit channel details

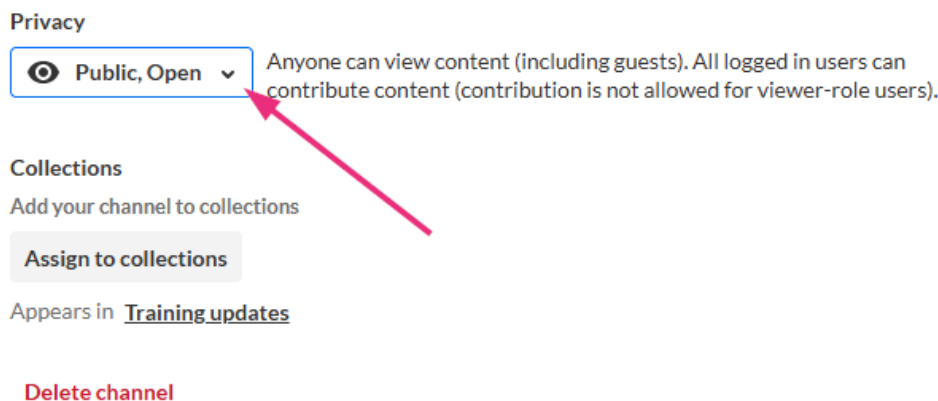

## Update basic channel information

You can add or update the following:

- **Title** – the channel name shown at the top of the channel page and in channel lists
- **Description** – add or update the channel description using the [rich-text editor](#)
- **Tags** – add tags to help users find the channel through search

## Set channel privacy

Use the **Privacy** settings to control who can access the channel and contribute content.

Click the **Privacy** drop-down menu and choose from the available options (the options depend on your site configuration):

- **Open** - all logged-in users can view and contribute content, but contribution is not allowed for viewer-role users
- **Restricted** - all logged-in users can view content, but only channel members can contribute
- **Private** - only channel members can view and contribute content
- **Shared Repository** - only channel members can view and contribute content; Content can be published to other locations, according to publishing entitlements.
- **Public, Restricted** - anyone can view content (including guests). Only channel members can contribute content according to their publishing entitlements.
- **Public, Open** - anyone can view content (including anonymous not logged-in users) and all logged in users can contribute content.

Please note - At this time, Theming does not support assigning the channel to one or more galleries.

## Assign a channel to collections

In the **Collections** section, you can add the channel to collections or remove it from collections it no longer belongs to.

Good to know:

- Admins must configure the [channelcollections module](#) before you can use this feature.
- For more information about channel collections, check out our article [Introduction to channel collections](#).

### 1. Click **Assign to collections**.

Delete channel

Removing a channel from a collection removes it from that collection's page but doesn't delete the channel.

## Delete a channel

Click **Delete channel** to permanently remove the channel.

### Good to know

- Media in the channel isn't deleted and remains in [My Media](#).
- This action can't be undone.
