 This article is designated for all users.

About

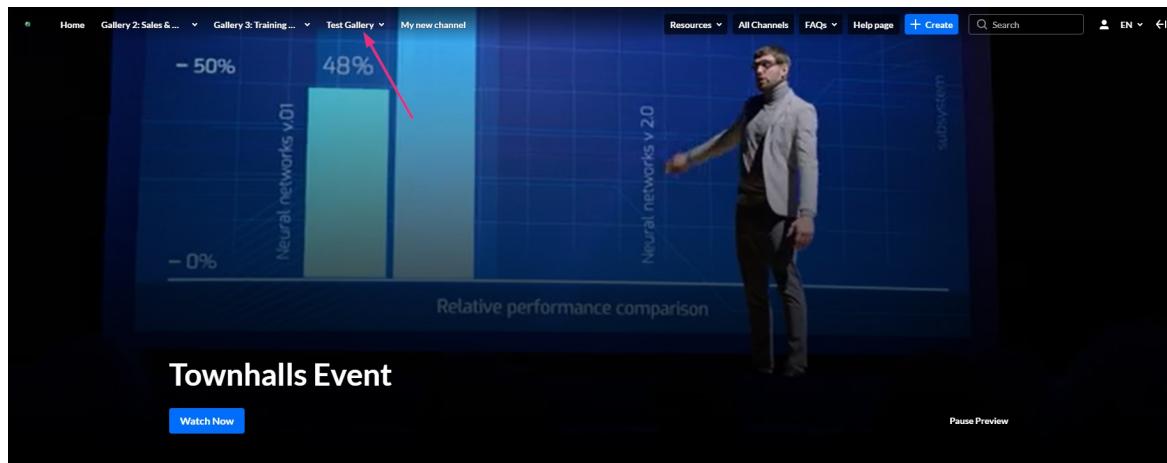

Use the **Manage content** function to control the media that appears in your gallery. From this page, you can add media, remove media, organize content, and perform bulk actions - all from a single, media-focused view.

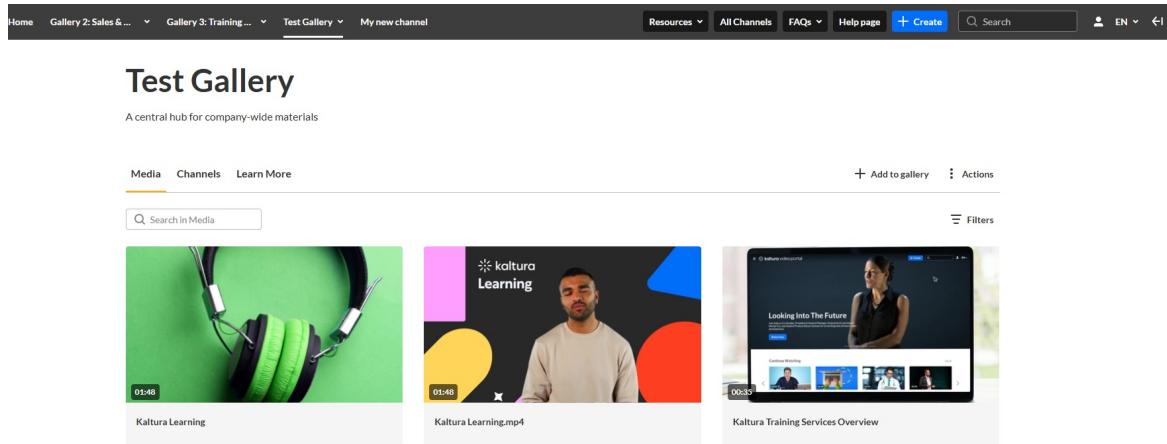

The instructions below are for [Theming](#) users. If you don't have Theming enabled, please refer to our article [Add media to a gallery](#).

Access the Manage Content page

1. In your Video Portal, select the gallery you want to manage from the navigation bar.

The gallery page displays.
