

Manage content in your media gallery in Canvas - Theming

Last Modified on 01/17/2026 1:02 pm IST

 This article is designated for all users.

About

Use the **Manage content** function to control the media that appears in your media gallery. From this page, you can add media, remove media, organize content, and perform bulk actions - all from a single, media-focused view.

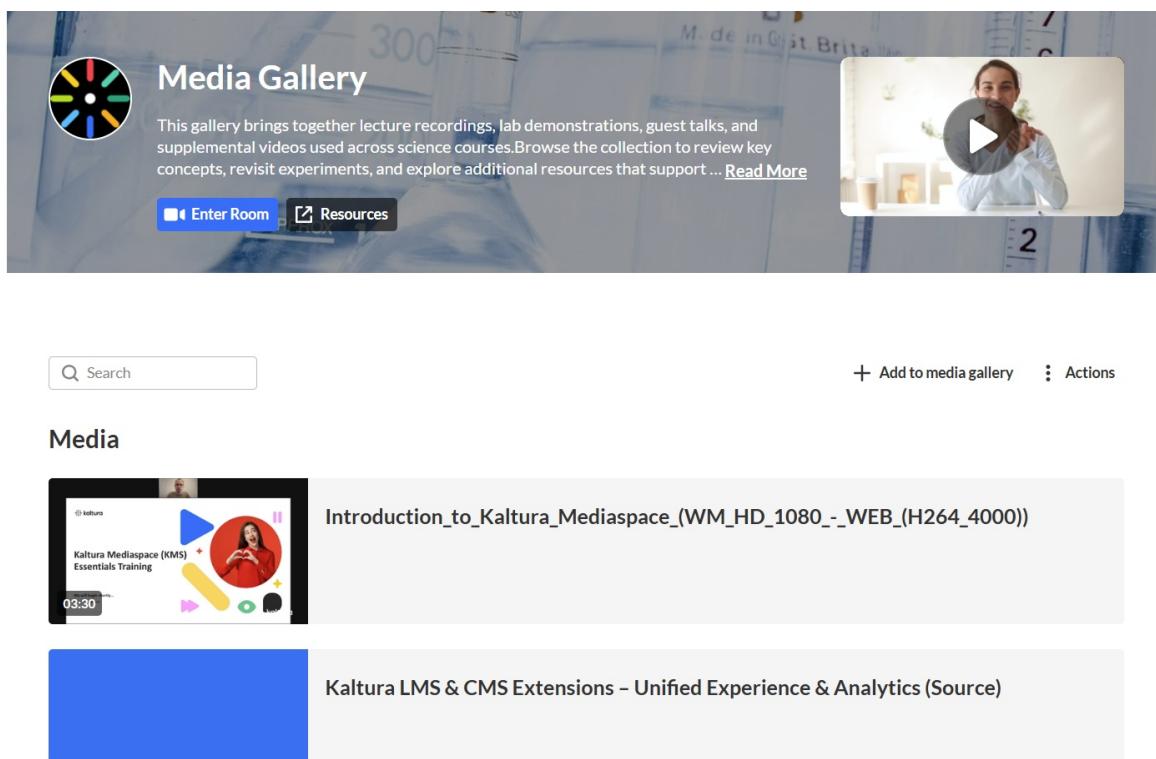

The instructions below are for [Theming](#) users.

Access the Manage Content page

1. Open your course, and click on **Media Gallery**.

The media gallery displays.

Media Gallery

This gallery brings together lecture recordings, lab demonstrations, guest talks, and supplemental videos used across science courses. Browse the collection to review key concepts, revisit experiments, and explore additional resources that support ... [Read More](#)

Enter Room Resources

Search

Add to media gallery Actions

Remove from channel

The screenshot shows a list of media items in a Kaltura channel. The first item is a meeting room scheduled for May 9, 2025. The second and third items are videos: 'Kaltura LMS & CMS Extensions' and 'Kaltura Architecture'. Each item has a preview thumbnail, duration (01:09 and 01:08), and metadata (Video, Owner, 0 Views, Published). To the right of each item are three vertical dots and an 'Explore' button. A red box highlights the first two items, and a red arrow points from the 'Remove from channel' button at the top to the second item in the list.

| Item | Details | Actions |
|--|--|---------|
| Meeting room | Friday, May 09, 2025, 9:30 AM - 10:30 AM IDT (scheduled) | Explore |
| Kaltura LMS & CMS Extensions – Unified Experience & Ana... | Video • Owner • 0 Views • Published | Explore |
| Kaltura Architecture – APIs, UI Components & Managemen... | Video • Owner • 0 Views • Published | Explore |

A confirmation message displays: *Are you sure you want to remove these items from your channel?*

3. Click **Remove** to continue.

Good to know

- Removing media from a media gallery doesn't delete it from the system.
- Available actions depend on your role and admin configuration.
