

Entry Save Confirmation - Admin Guide

Last Modified on 02/09/2026 5:01 pm IST

 This article is designated for administrators.

About

The Entry Save Confirmation module is for confirmation before saving an entry. Enabling this module displays a customizable confirmation dialog to the user before saving an entry.

The sections herein will guide you through logging into the Configuration Management section of KMS and enabling and configuring the Entry Save Confirmation module.

This module is for both Theming and non-Theming users.

For technical support, contact Kaltura Customer Care. For all other inquiries, reach out to your Customer Success Manager.

Configure

1. Log into the Configuration Management console by going to your KMS URL and adding `/admin` at the end.
2. Enter your Kaltura user ID and password.
3. Click **Sign In**. The Configuration Management console displays.

Application

instanceId	1756361 mediaspace.kaltura.com	Unique string to identify that installation of mediaspace. This value can be set during installation only.
privacyContext	MediaSpace	String used to be set as privacy context on root category. This value can be set during installation only.
userRoleProfile	3503841	Metadata Profile ID for user's role per KMS installation instance
title	Kaltura MediaSpace	What is your MediaSpace website title? The website title is displayed in the browser's title bar and usually is displayed in search engine results. Page titles consist of the name of the currently loaded media and the website title. For example, if a page has a video called 'My Video' and 'MediaSpace' is the website title, the page title is: 'My Video - MediaSpace'
footer	MediaSpace™ 	What is your MediaSpace footer text? default is: MediaSpace video portal by Kaltura
forceIECompatibilityMode	No	Should MediaSpace force IE to use the latest engine when Compatibility Mode is enabled? By default, if compatibility mode is enabled, Internet Explorer renders the page with IE7's engine. Turning on this option forces Internet Explorer to use the latest rendering engine. For more details, please visit this link .
theme	▼	What is the name of your custom MediaSpace theme?

4. In the list of configurable items on the left of your screen, locate and click on **EntrySaveConfirmation**.

The **EntrySaveConfirmation** item will be crossed out because it is disabled by default.

The **EntrySaveConfirmation** window displays.
