> 👥 **This article is designated for all users.**

About

Administrators can allow users to secure embed in social networks using OG tags. The following sections outline user capabilities.

> ℹ️ This module is for both Theming and non-Theming users.

> ✅ For technical support, contact Kaltura Customer Care. For all other inquiries, reach out to your Customer Success Manager.
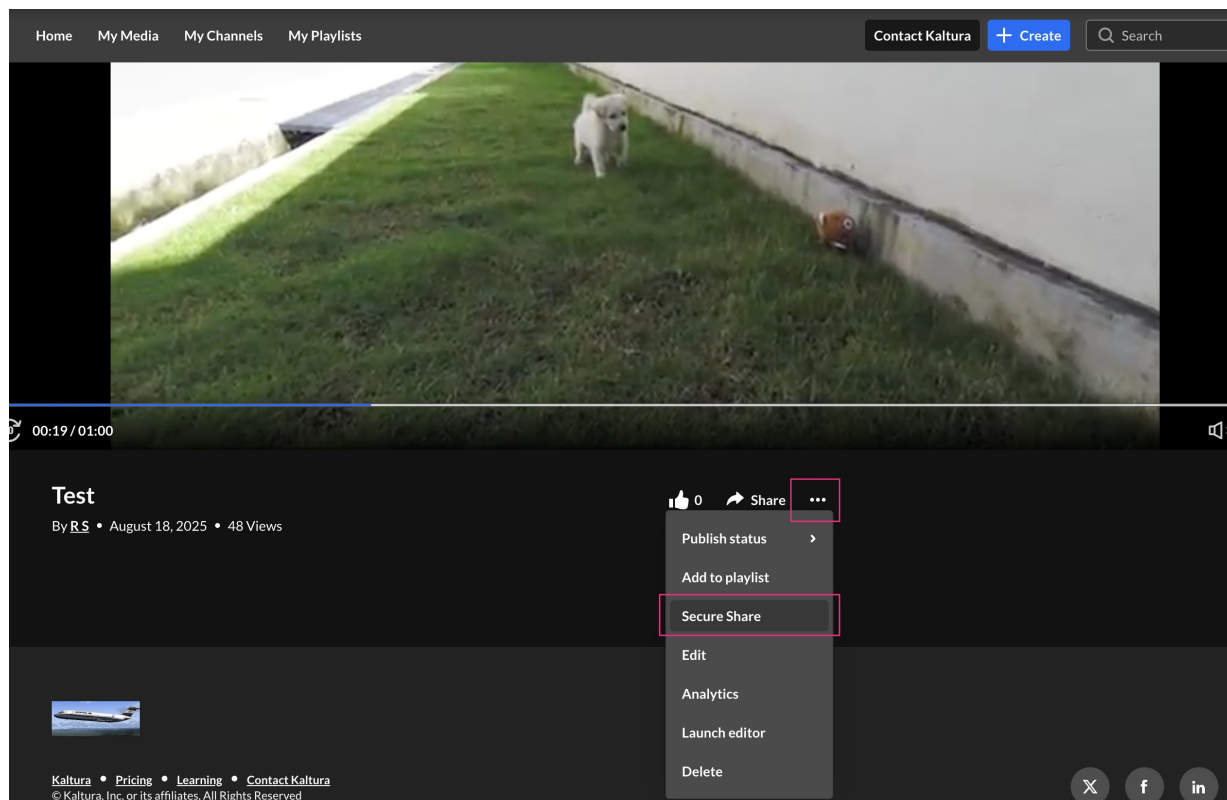

Secure Share

If your admin has enabled and configured the Secure Share module, embed capability is displayed for Theming users as part of the Actions menu on the Entry page, and for non-Theming users as an additional tab - Secure share - added to the Entry page.
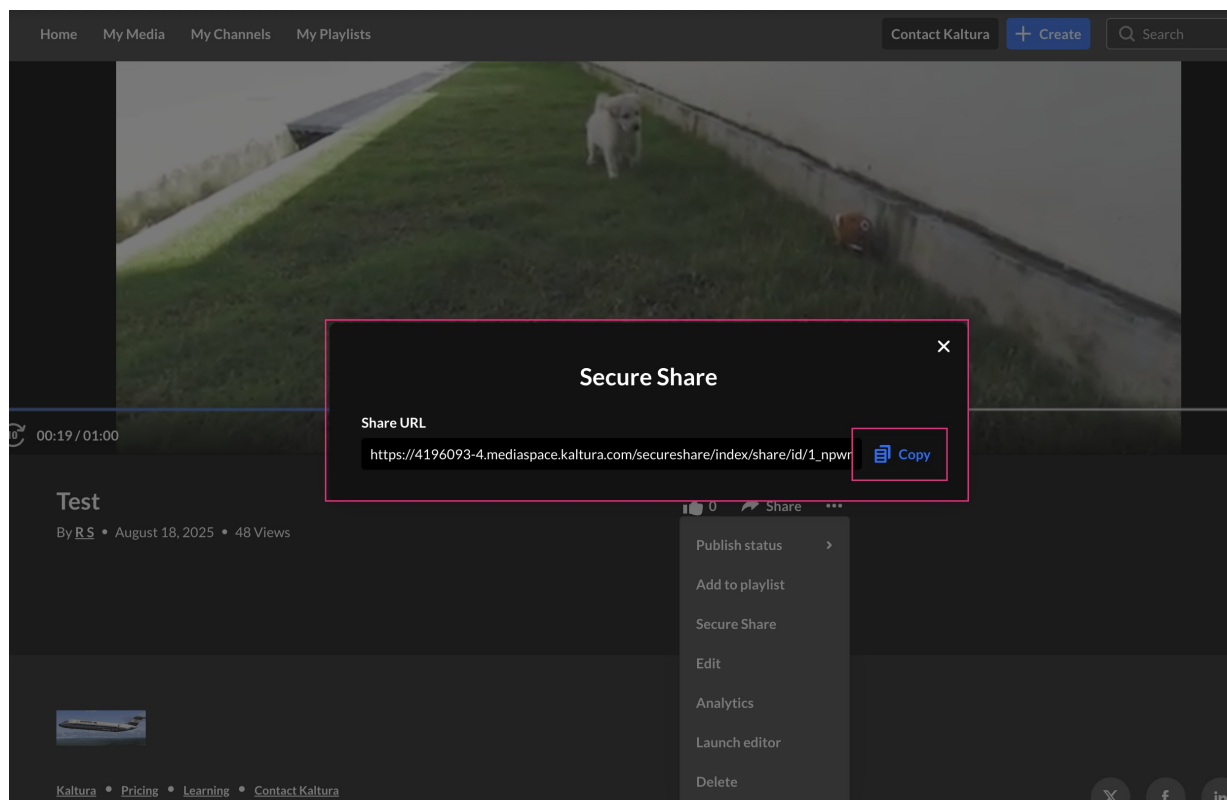

Log into your video portal and navigate to a media's Entry page. If you need help logging in and accessing media, please follow the instructions in Log into your video portal and My Media.

Theming users:

1. From the Actions menu, choose Secure Share.

The Secure Share screen displays.

2. Click **Copy** to copy the URL.

Non-Theming users:

1. Click on the Share tab, then click on the Secure Share tab.

2. Hover over the URL and click **Copy link to share** to copy the URL.
