 This article is designated for administrators.

About

The Easydownload module adds simpler UX for downloading media. The sections herein will guide you through logging into the [Video Portal's Configuration Management](#) section and enabling and configuring the Easydownload module.

This module is for both Theming and non-Theming users.

For technical support, contact Kaltura Customer Care. For all other inquiries, reach out to your Customer Success Manager.

Prerequisite

Disable the Downloadmedia module.

Configure

1. Log into the Configuration Management console by going to your [video portal](#) URL and adding `/admin` at the end.
2. Enter your Kaltura [user ID](#) and password.
3. Click **Sign In**. The Configuration Management console displays.

title Kaltura MediaSpace What is your MediaSpace website title? The website title is displayed in the browser's title bar and usually is displayed in search engine results. Page titles consist of the name of the currently loaded media and the website title. For example, if a page has a video called 'My Video' and 'MediaSpace' is the website title, the page title is: 'My Video - MediaSpace'

footer MediaSpace™ What is your MediaSpace footer text? default is: MediaSpace video portal by Kaltura

forceIECompatibilityMode No Should MediaSpace force IE to use the latest engine when Compatibility Mode is enabled? By default, if compatibility mode is enabled, Internet Explorer renders the page with IE7's engine. Turning on this option forces Internet Explorer to use the latest rendering engine. For more details, please visit [this link](#).

End user experience

Once enabled and configured, a new download capability is added to the entry page that allows users to download the entry. This download capability is displayed for Theming users as part of the Actions menu on the Entry page, and for non-Theming users as an additional tab - Easy Download - added to the Entry page.

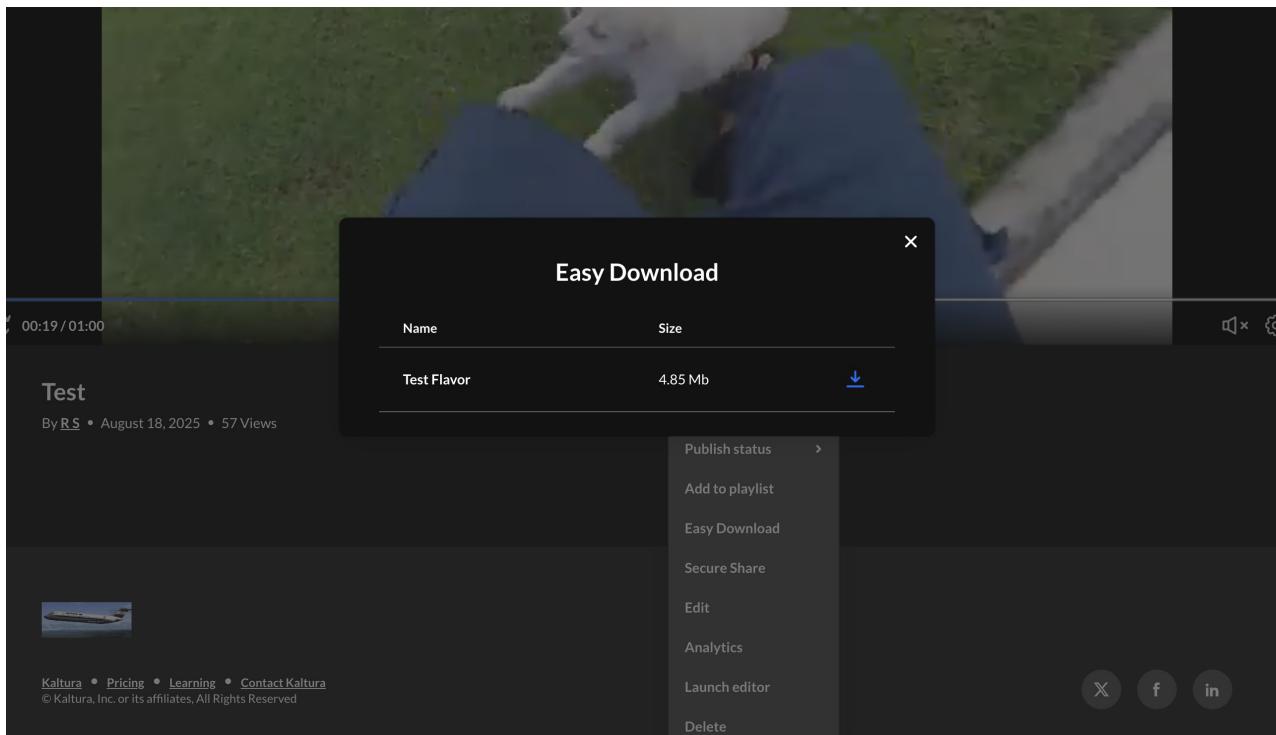

Theming users:

Once enabled and configured, the Easy Download option appears in the **three dots menu** on the media page for the end user.

After selecting the Easy Download option in the **three dots menu** on the media page, the Easy Download screen is displayed for the user. The user may then click the blue Download button to download the entry.

Non-Theming users:

Once enabled and configured for non-Theming users, the Easy Download option appears as an additional tab - Easy Download - added to the Entry page.
