Advanced player settings: Modify moderation settings

Last Modified on 07/07/2026 9:12 am IDT

This article is designated for administrators.

About

You can modify moderation settings through the player's Advanced Settings. This configuration is not exposed in the standard Player Studio interface.

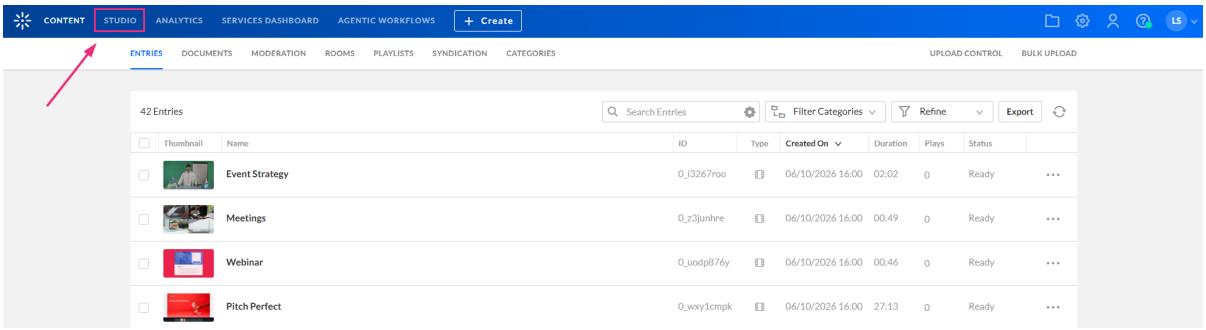

Use this setting to adjust how moderation behaves in the player.

Content moderation must first be enabled in the player settings.

Access the advanced settings

VOD AUDIO REELS

1. Log in to your Rich Media CMS and click the **Studio** tab.

   The Player Studio page displays.

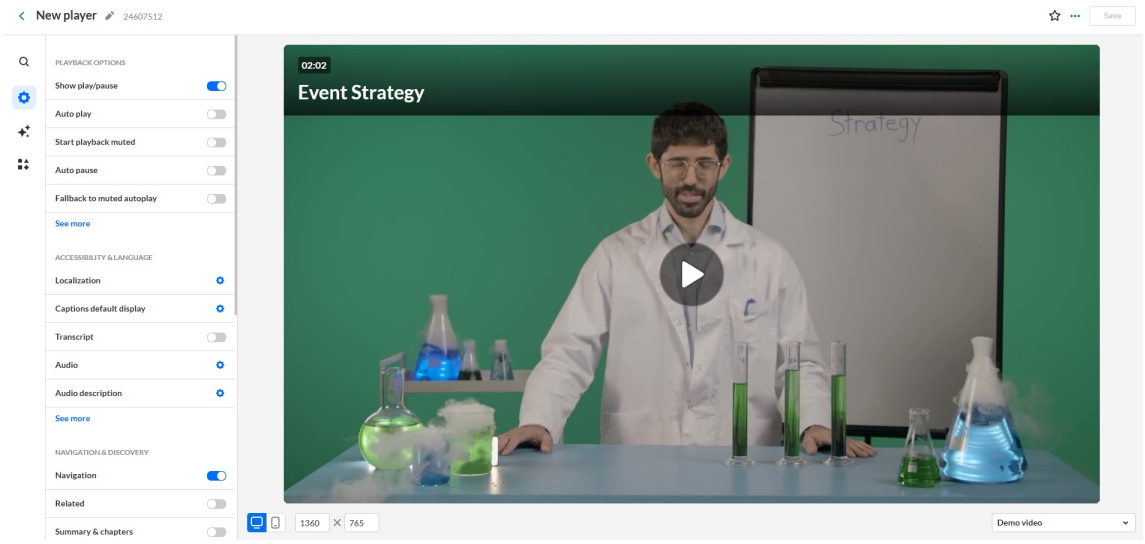

2. Click the player you want to edit from the list (or use the search bar in the top right).

   If you haven't created a player yet, check out our article Create a player for guidance.

Modify moderation settings

1. In the Advanced Settings tab, navigate to **moderateOptions** (you must first have **Moderation** enabled in the player settings).

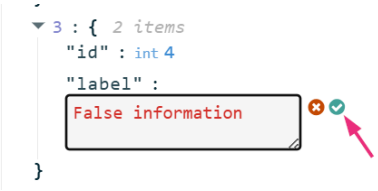

2. Hover over the setting and click the **green edit icon**

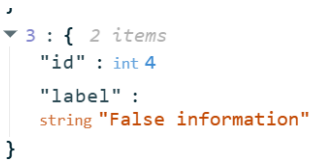

3. Replace the existing value with your desired value, then click the **green checkmark**.

The string displays.

4. Click **Save** at the top right before exiting.

The updated moderation settings will now apply to the player.
