 This article is designated for moderators and hosts

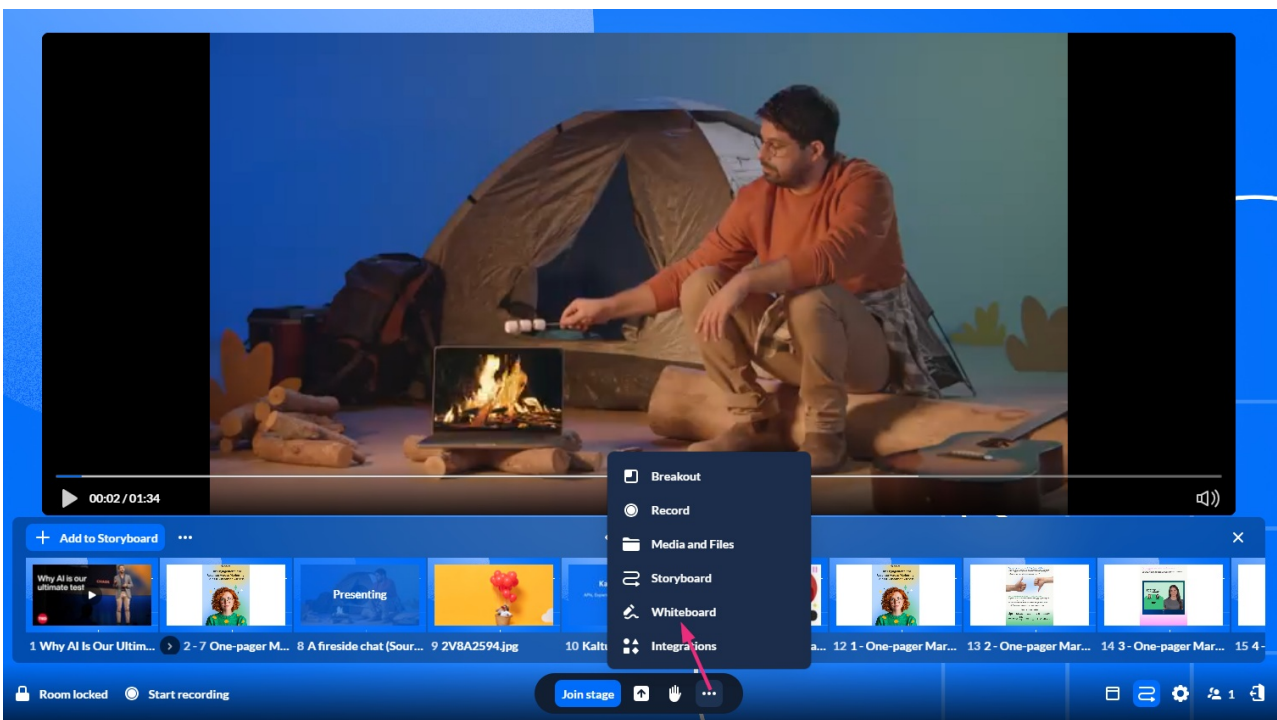

## About

The whiteboard allows moderators to draw, write, and collaborate visually during a Kaltura Room session. It can be used for brainstorming, explaining concepts, or annotating ideas in real time.

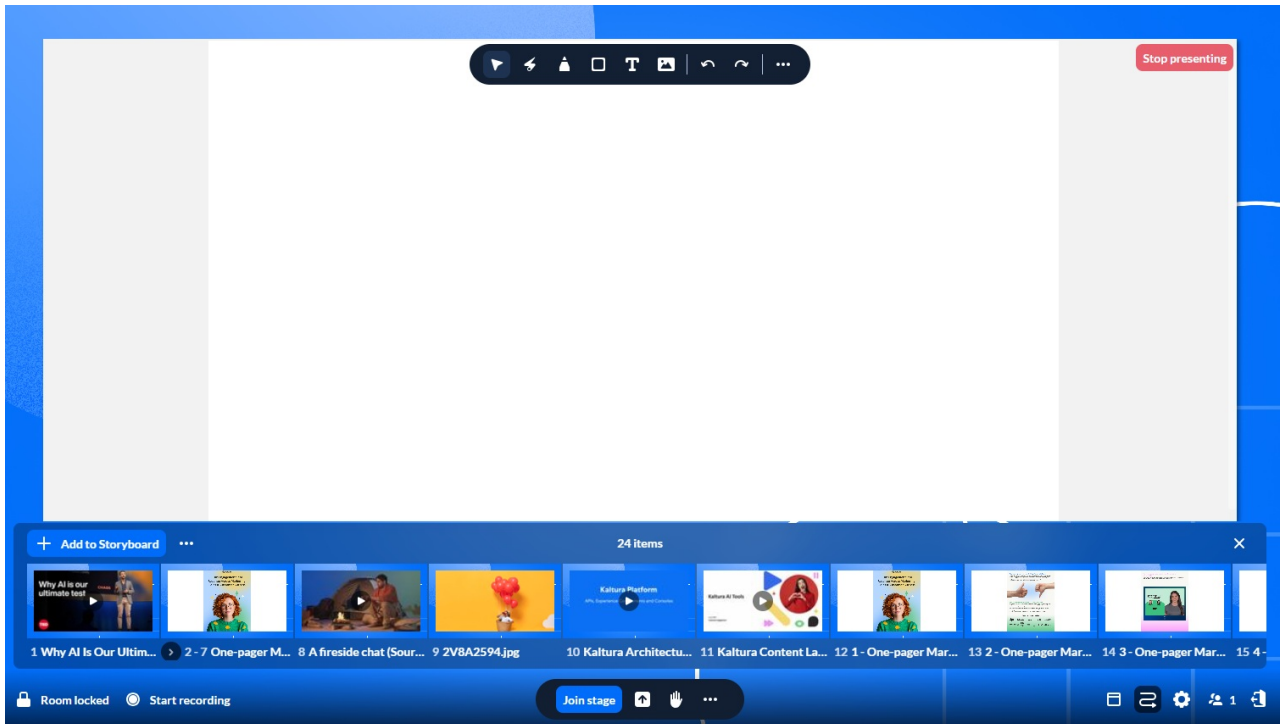

Only one whiteboard can be active at a time.

## Open the whiteboard

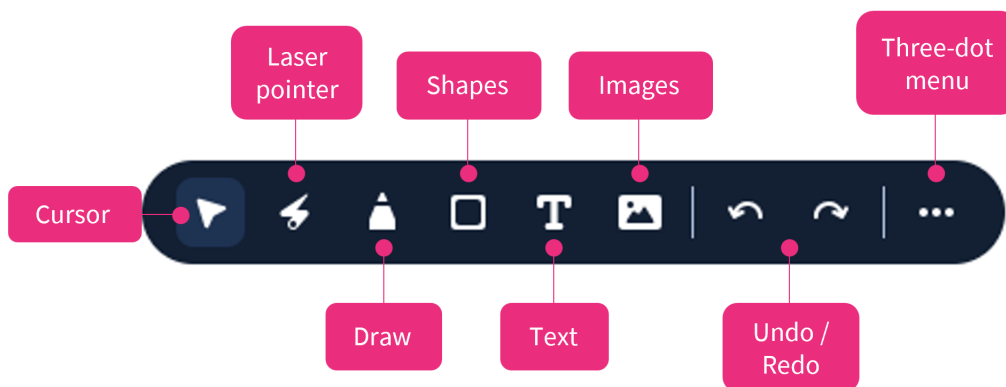

1. Click the **three dots** on the bottom toolbar and select **Whiteboard** from the menu.

The whiteboard displays.

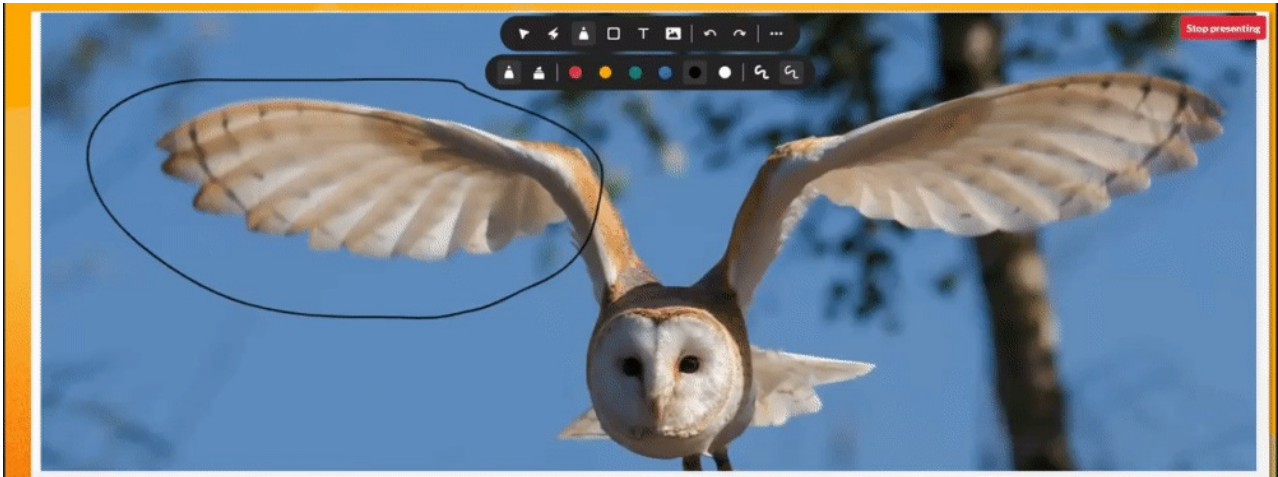

## Use the whiteboard tools

### Cursor

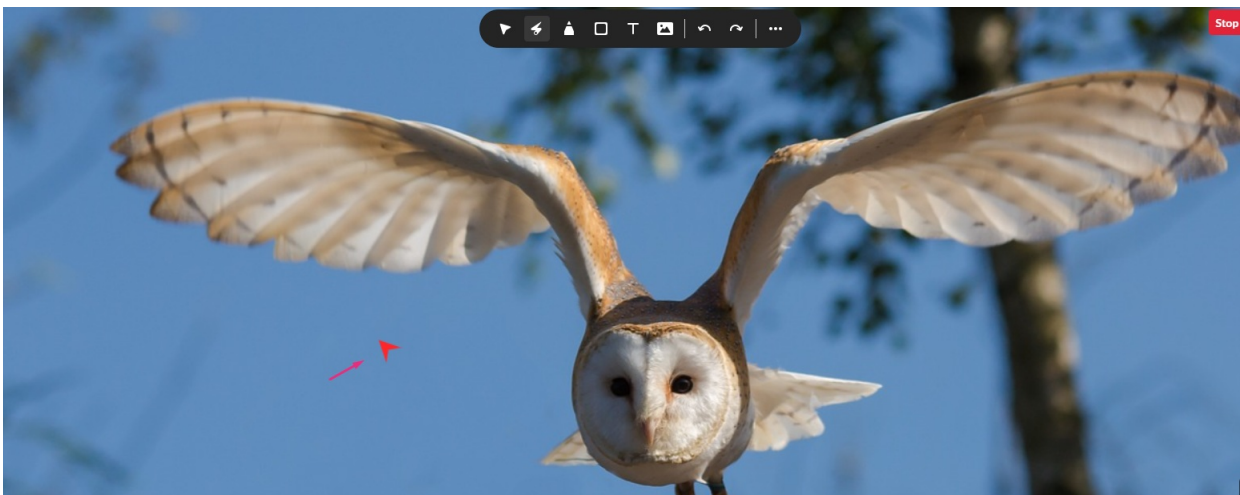

Use the **cursor tool** to select existing objects and move, resize, or edit them.

## Laser pointer

The **laser pointer** highlights your cursor movement so participants can easily follow along.

Each participant has their own laser pointer labeled with their name.

## Drawing tools

### Pencil

1. Click the **drawing tool** to open the dropdown.
2. Select the **pencil** icon.

3. Choose a **color** and **thickness**.
4. Click and drag to draw.

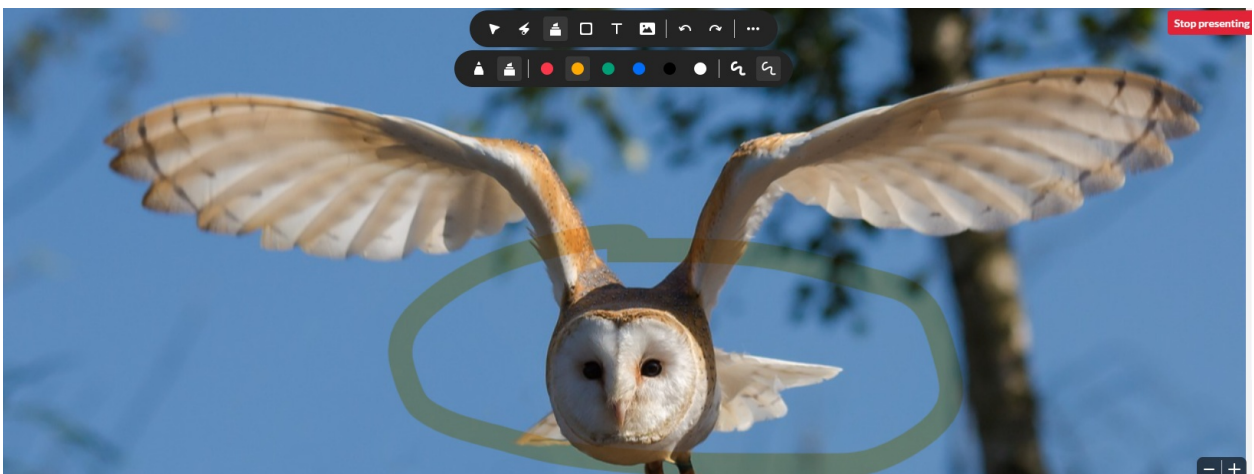

## Highlighter

1. Click the **drawing tool** to open the dropdown.
2. Select the **highlighter** icon.

3. Click and drag to highlight areas on the whiteboard.

## Shapes

1. Click the **shapes tool**.
2. Select a shape (square, triangle, circle, or line).  
To draw a solid shape, click the **Fill** box.
3. Click and drag to draw the shape.

## Text

1. Click the **text tool**.
2. Click anywhere on the whiteboard and type your text.
3. Click outside the text box to place it.

To edit text, **double-click** the text object.

## Add clickable links

1. Select the **text tool**.
2. Click anywhere on the whiteboard and enter a link.

A *Go to link* hyperlink appears that participants can click.

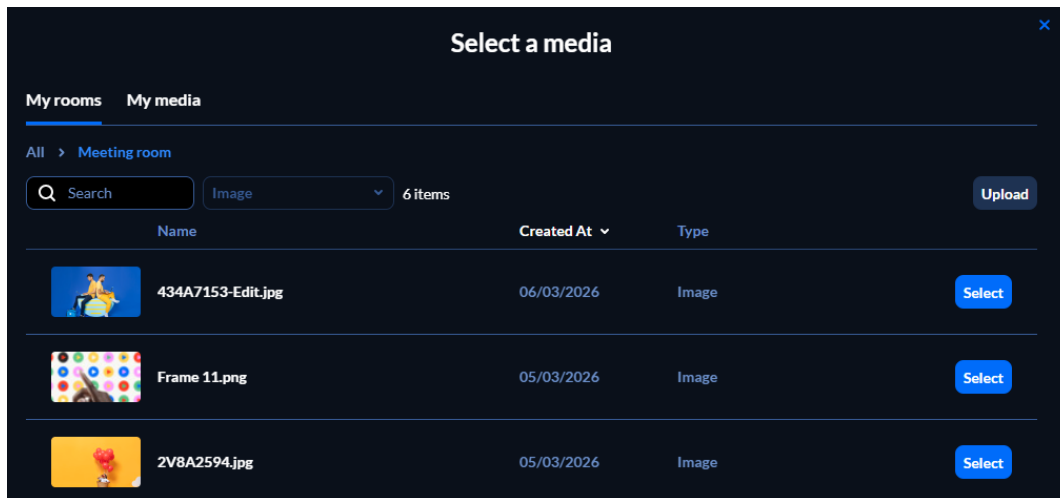

## Images

### Add an existing image

1. Click the **image** icon.

The 'Select a media' window opens.

2. Locate the image and click **Select**.

The image displays immediately on the whiteboard.

### Upload a new image

1. Click the **image** icon.

The 'Select a media' window opens.

2. Click **Upload** at the top right.

3. Select an image from your computer.

The image uploads.

During this process, you can click **Hide upload** to hide all the uploads that are processing, or **Cancel All Uploads** to cancel the process.

## Undo / redo

Click the **undo** / **redo** arrows to undo or redo previous actions.

Undo and redo apply to the current session only. You cannot undo or redo marks from previous sessions.

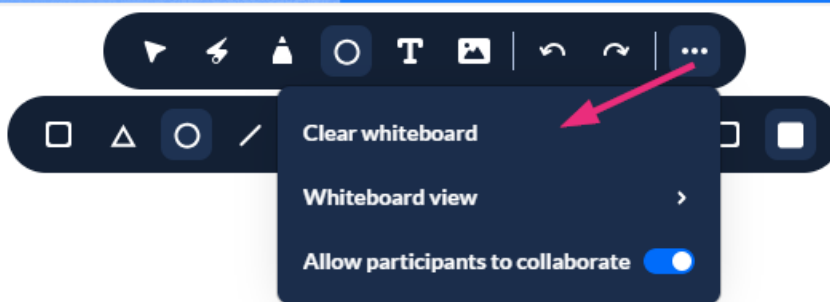

## Whiteboard display options

### Clear whiteboard

Clearing the whiteboard is only an option for moderators.

1. Click the **three-dot menu** at the end of the toolbar.
2. Select **Clear whiteboard**.

The whiteboard clears immediately.

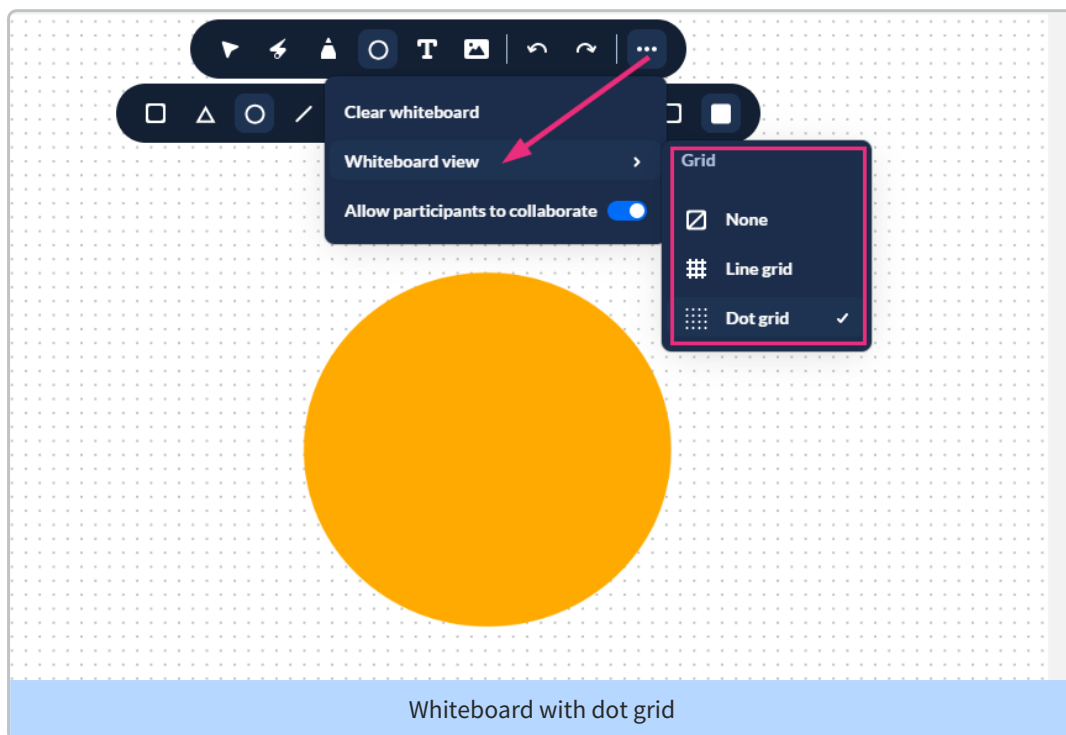

### Change the background grid

Two backgrounds can be applied to the whiteboard: **Line grid** and **Dot grid**.

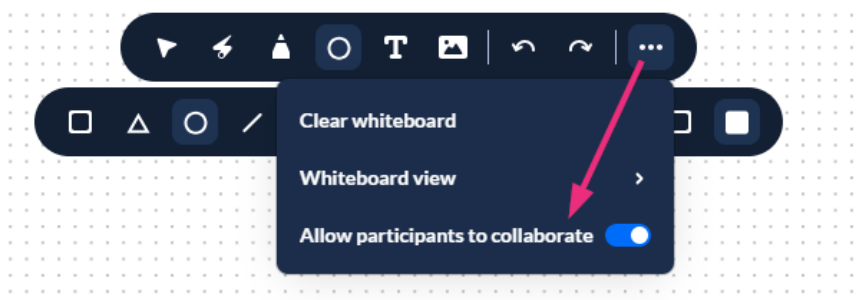

1. Click the **three-dot menu** at the end of the toolbar.
2. Select Whiteboard view.
3. From the menu that extends, select **Line grid** or **Dot grid**.

The whiteboard updates immediately.

## Enable participant collaboration

1. Click the **three-dot menu** at the end of the toolbar.
2. Toggle on **Allow participants to collaborate**.

## Zoom

Use the + / - controls at the bottom right of the screen to zoom in or out.

## Delete

Moderators can delete any marks drawn on the whiteboard.

1. Select the **Cursor** tool.
2. Select the object you want to delete.
3. Hit the **Delete** key on your keyboard.

## Stop presenting the whiteboard

To close the whiteboard, click **Stop presenting** in the top right of the stage.

The whiteboard content remains saved in the room until it is manually cleared.
