About

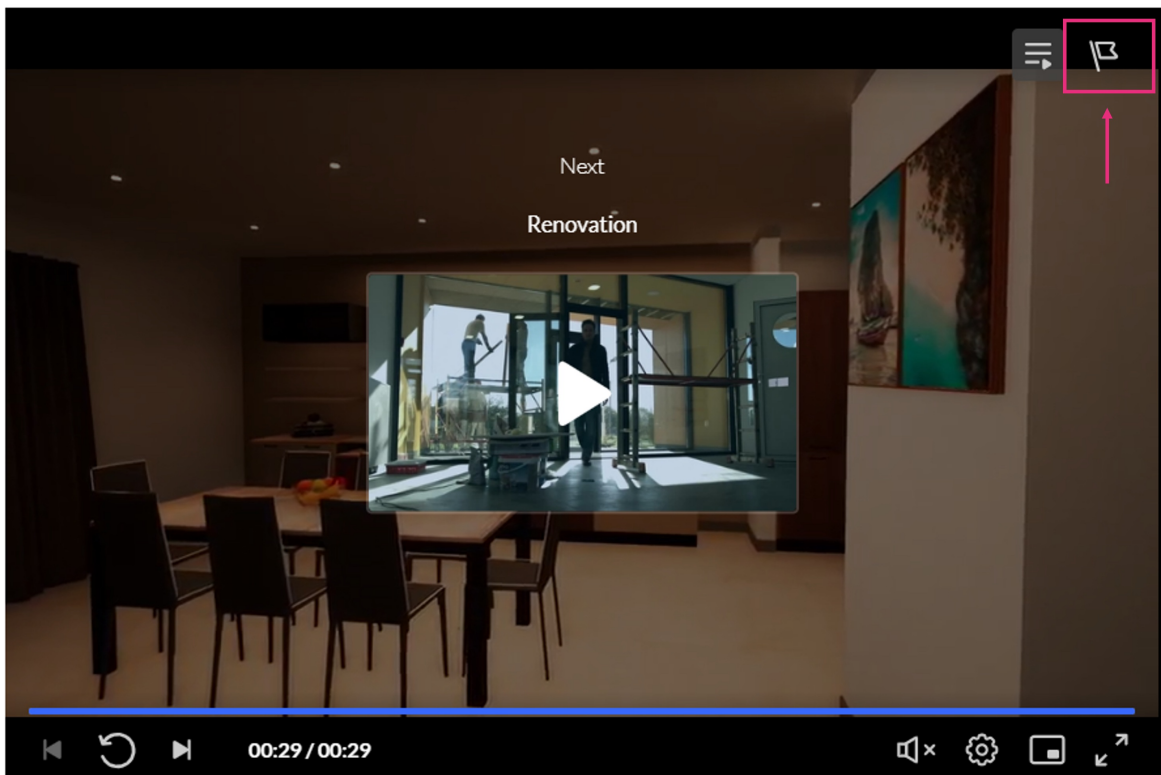

The report content option lets you flag media that may not follow your organization's guidelines.

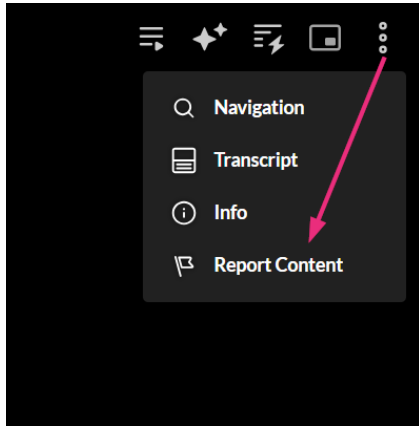

Reported content is reviewed by an administrator. For more information, see [Manage content moderation in KMC](#).

Report content

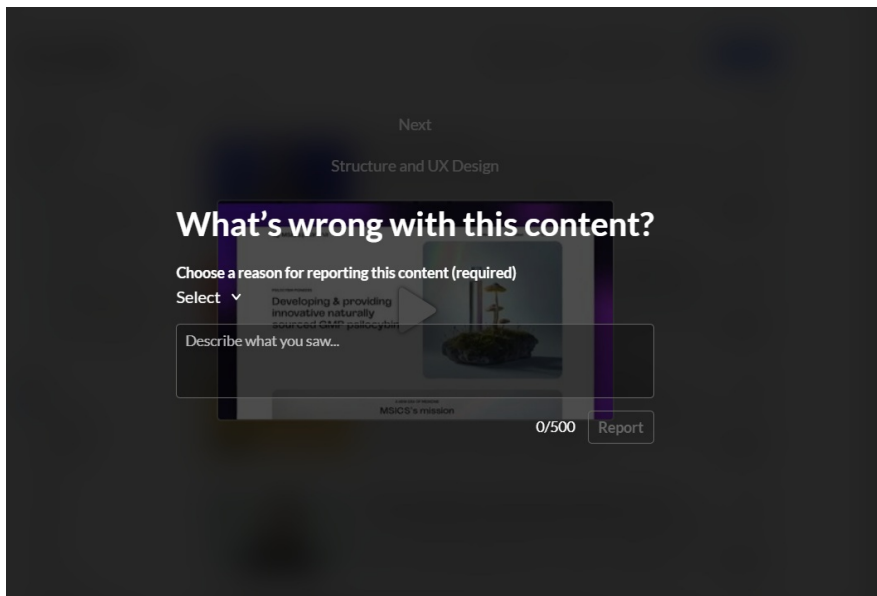

1. Open the media in the player.
2. Click the **flag icon** at the top right corner.

This option may appear in the three-dot menu, depending on your site configuration.

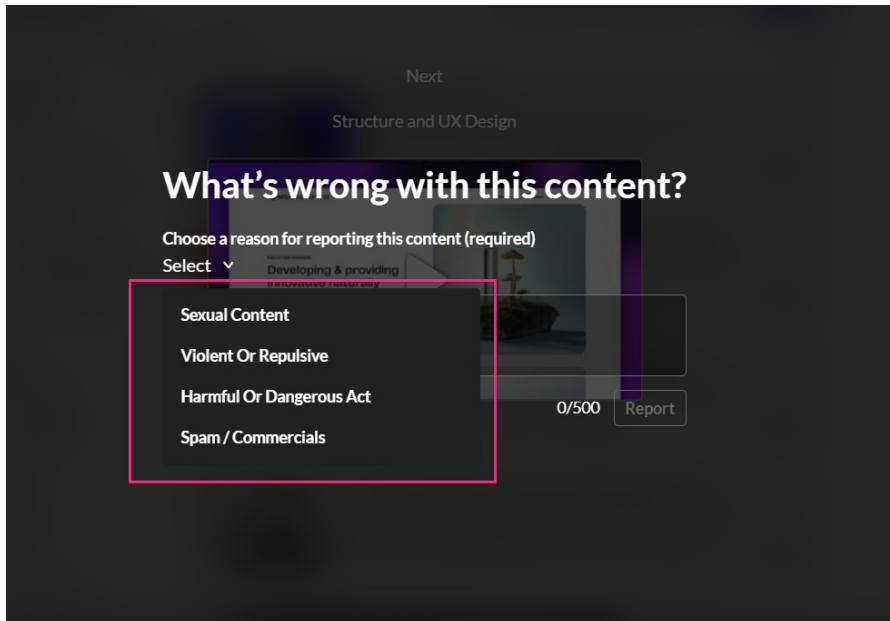

The 'What's wrong with this content' window opens.

3. Select a reason from the drop-down menu.

The available options are set by your administrator.

Your administrator sets the [moderation options](#).

4. (Optional) Enter additional details in the text field.
5. Click **Report**.
