About

The **Agents** tab is the main dashboard of the Agentic Avatar Studio. Here you can create new agents based on preconfigured templates, then customize them for your specific needs. You can also review/edit existing agents in your account and delete agents.

The Agents tab is accessible via the Agentic Avatar Studio home page. To learn more about the other tabs on the Agentic Avatar Studio home page, see [Agentic Avatar Studio Interface Overview](#).

Create a new agent

You can create a new agent based on a preconfigured template.

See [Create a new agent](#).

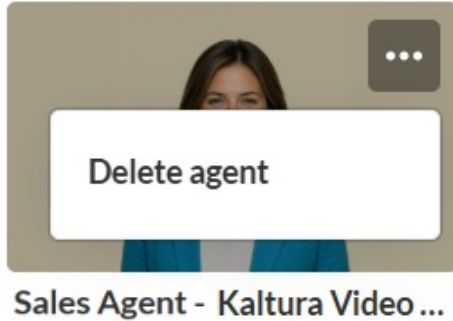

Review existing agents

You can browse through your existing agents and click on any one of them to view their settings. Want to make changes to any of your existing agents? See [Configure and manage your agents](#).

Delete an agent

1. Hover over an agent and click the three-dot action button.

My agents

2. Click **Delete agent**. You are asked to confirm your action.

Delete Agent

Are you sure you want to delete "Kaltura Video Solutions Advisor"?

Cancel

Delete

3. Click **Delete**. You receive confirmation that the agent was deleted successfully.

Kaltura does not use customer data to train its AI models. To learn more, see [Kaltura's Artificial Intelligence Principles](#).
