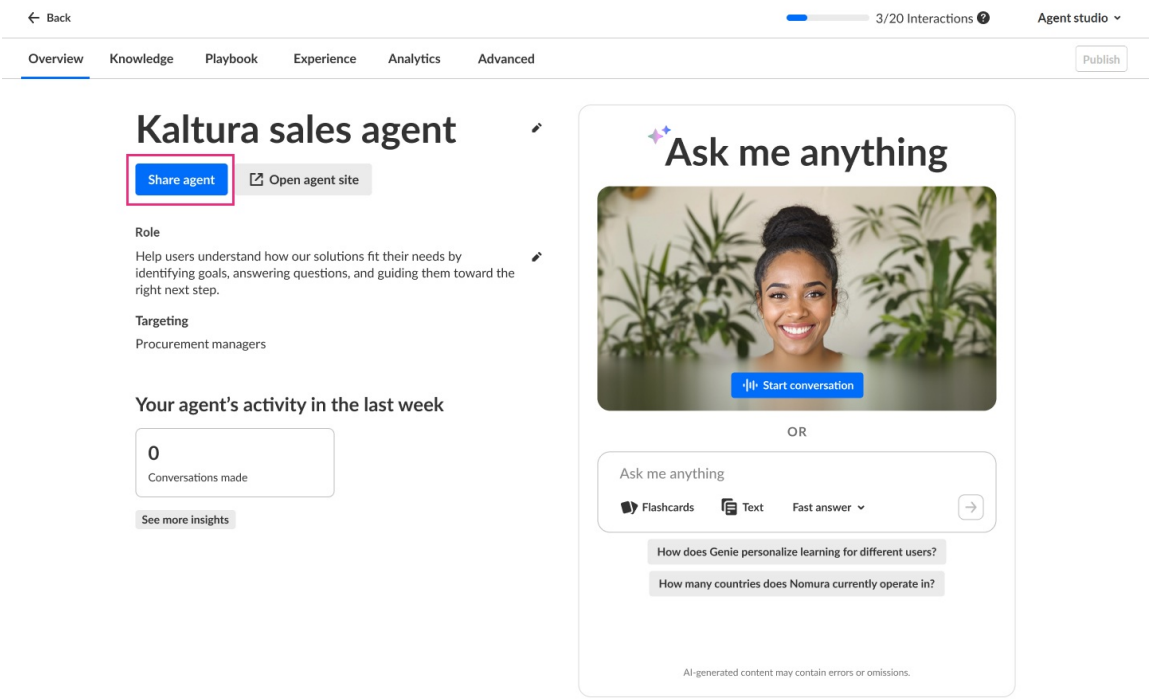
About

You can share your agentic avatar with others using a direct link or embed it on your website. When embedding your agent, you can choose the layout that best fits your site.

You can also open the agent site from the **Share** window.

Access share and embed capabilities

On the **Overview** page, click **Share agent**.



The Share this agent window opens.

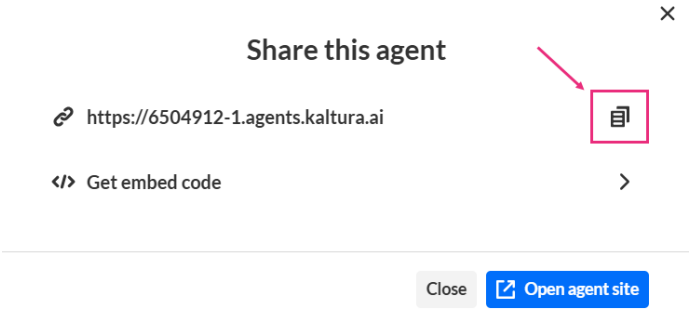
Share a direct link

Click the **copy** button to the right of the URL.



You can then share the link with others to give them direct access to the agent site.

Embed your agent

1. Click **Get embed code**.

   Additional options display.

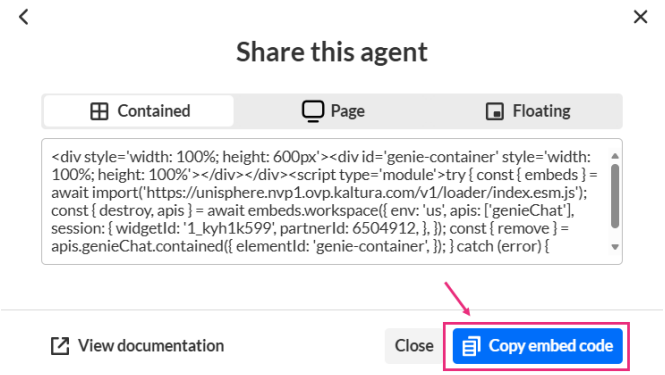
2. Select your preferred layout:
    - **Contained** (default, pre-selected) - Embeds the agent as a widget within a page container.
    - **Page** - Embeds the agent as a full-page experience for dedicated landing pages.
    - **Floating** - Embeds the agent as a floating widget that remains accessible as users navigate and scroll the page.
3. When your preferred layout is selected, click **Copy embed code**.



4. Click **Close** to close the Share window.

Open agent site

You can also open a stand-alone page to preview and try out your agent from this window.

Click **Open agent site**.
