Send a crowd reaction during a live session

Content updated: 05/07/2026

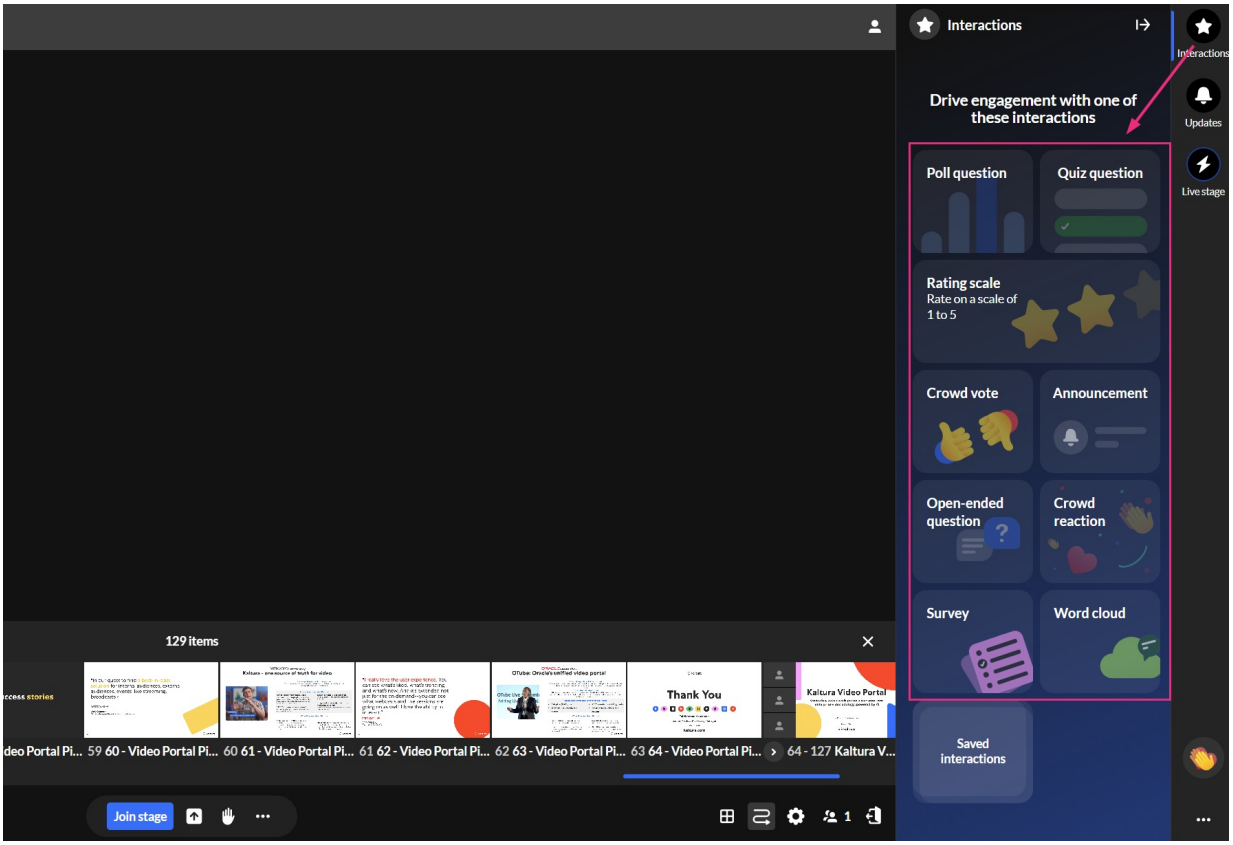

This article is designated for moderators

About

Use the 'Celebrate' **crowd reaction** to display a visual celebration to everyone during a live session. The animation plays once and then disappears; participants don't need to respond.

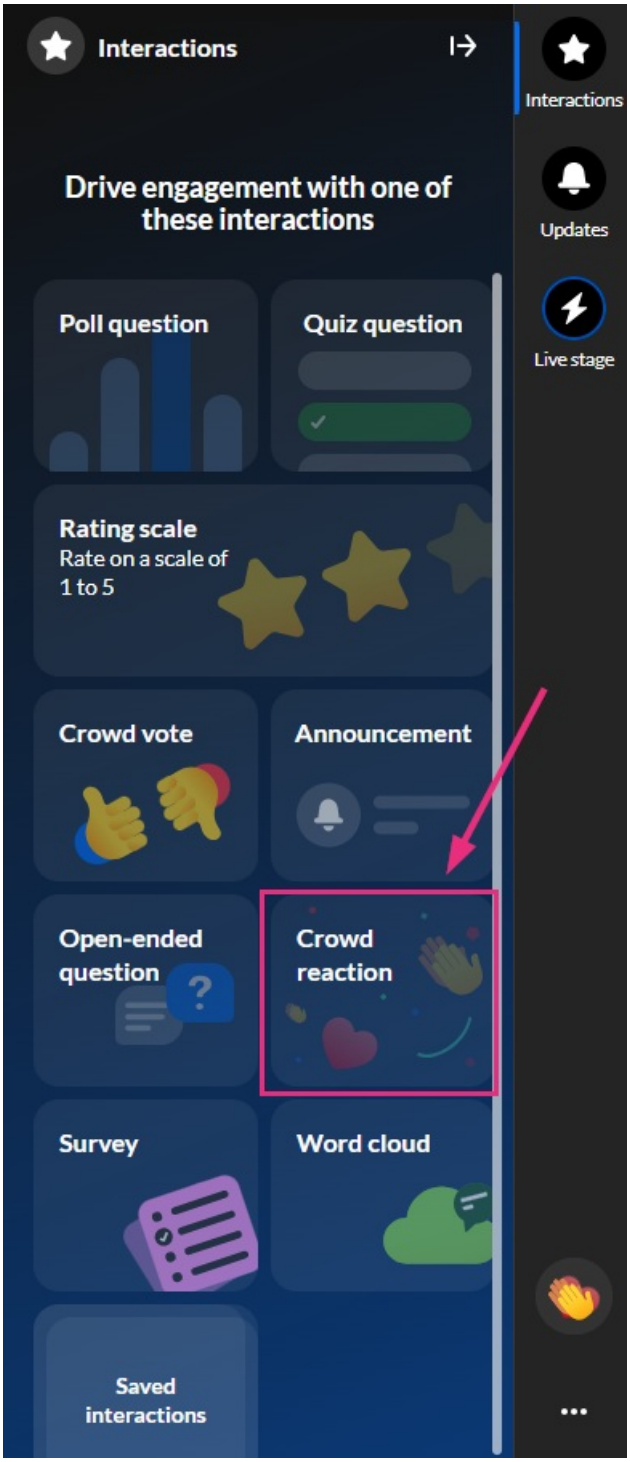

Send a crowd reaction

1. On the session page, click the **Interactions** tab in the upper-right corner to open the Interactions panel.

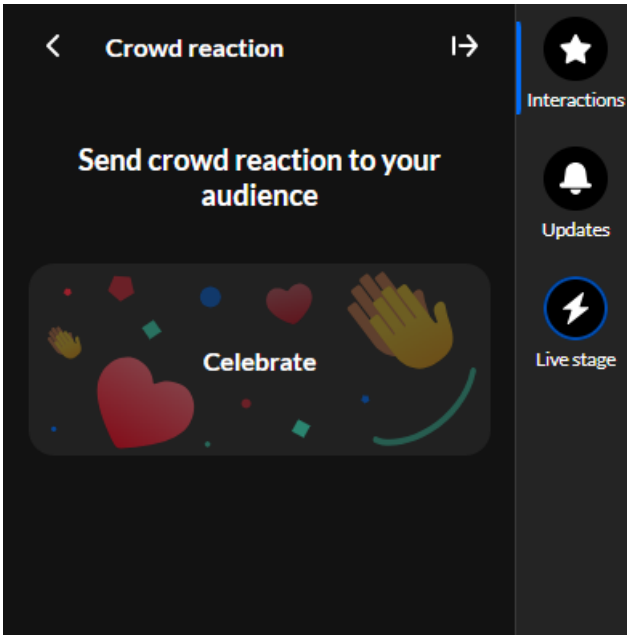

2. Select **Crowd reaction**.
