About

The **Themingmedia module** allows you to control Theming options available to media owners and co-editors in the media edit experience.

Using this module, administrators can:

- Configure which players media owners can select
- Configure which media page elements media owners can show or hide

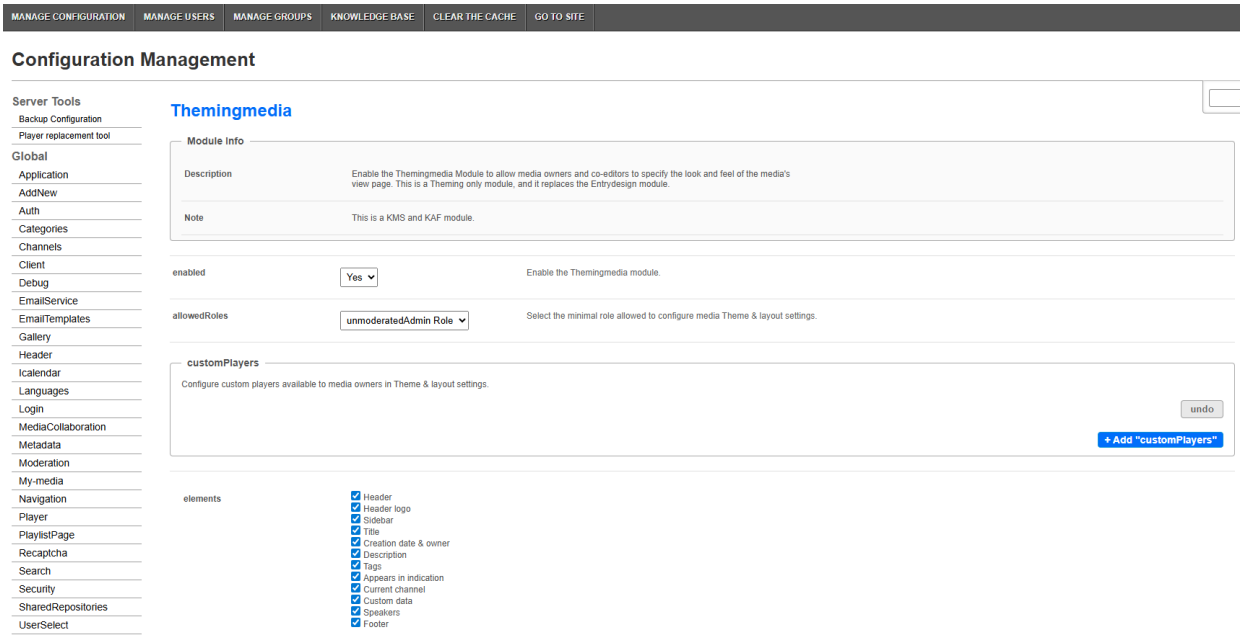

This feature requires the Theming module to be enabled, with the 'mediapage' and 'mediaedit' features set to 'Yes'.

Configure

1. Go to your Configuration Management console, locate the **Themingmedia** module in the left panel, then select it. You can also navigate directly using a link: `https://{your_site_URL}/admin/config/tab/themingmedia`.

The **Themingmedia** page displays.
