Projects are displayed in a grid sorted by the most recently updated.

Each project tile includes:

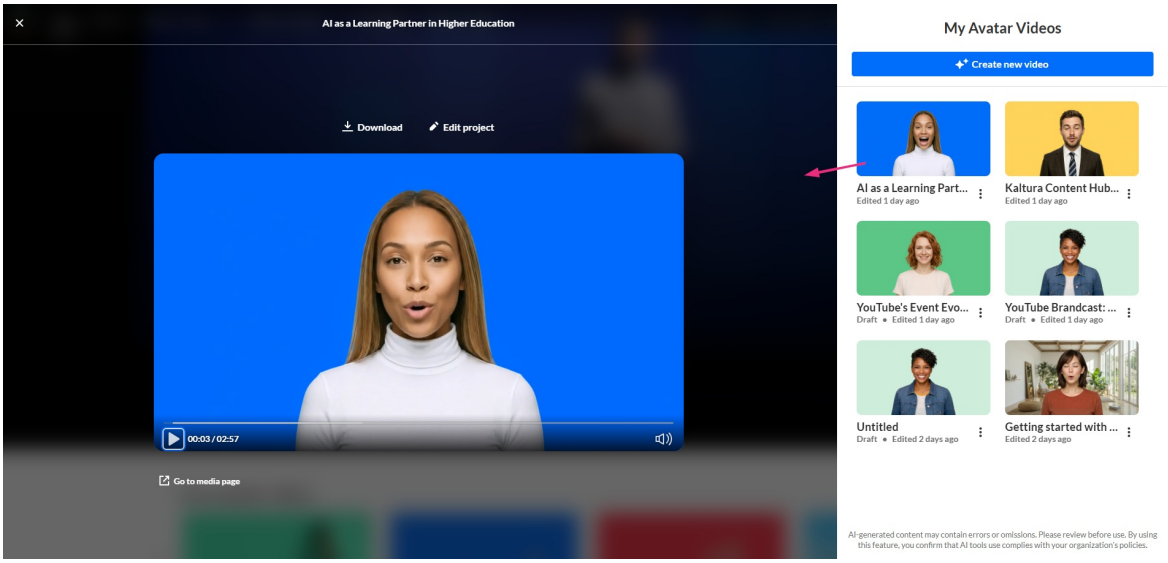

- a thumbnail preview
- the project name
- the last updated time
- project status indicators

## Open a generated video

Generated projects don't display a **Draft** label.

1. Locate the generated project.
2. Click the project thumbnail.

   The video preview opens and starts playing automatically.

From the preview window, you can:

- download the video
- continue editing the video
- open the media page
