About

Use the Dark/light mode setting to choose whether the audio player uses a dark or light appearance.

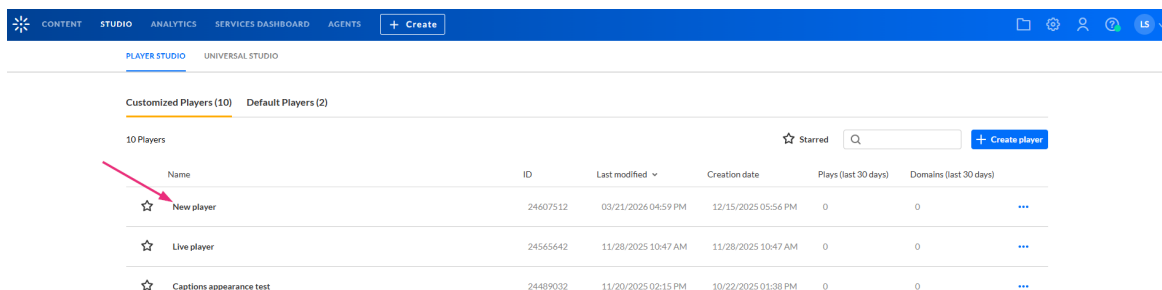

This setting is available for **Audio** players.

Access the Visual settings

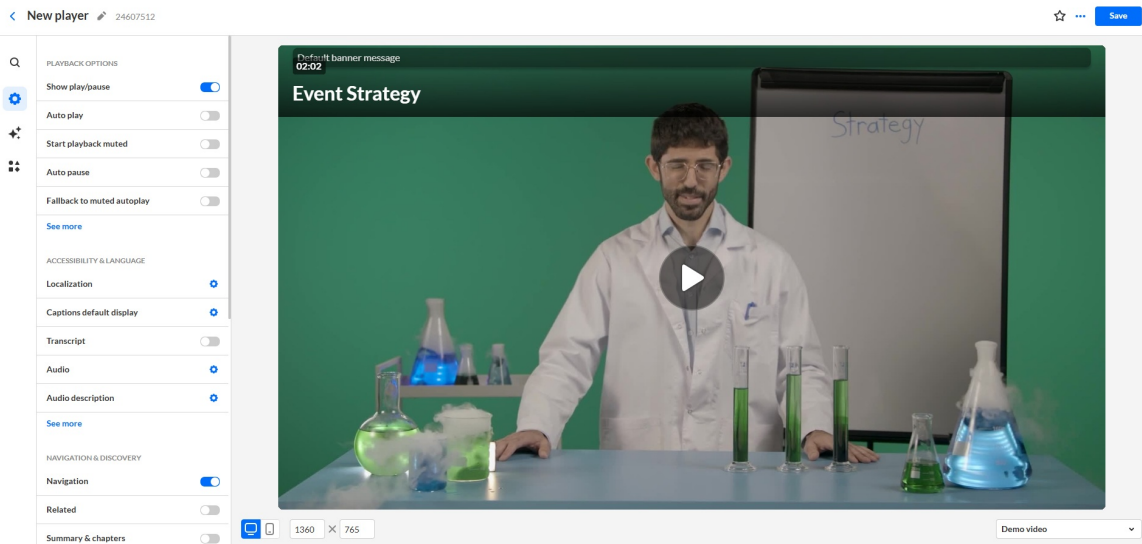

1. Log into your Rich Media CMS and click the **Studio** tab.

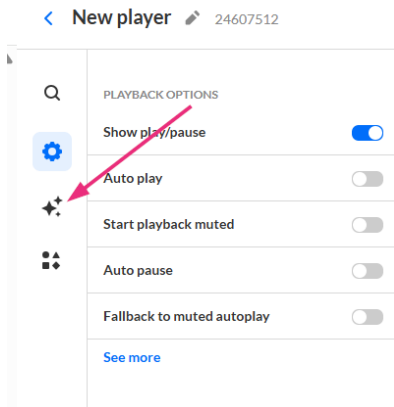

2. From the list, select the player you want to configure.

The settings tab opens.

3. Click the **stars icon**.

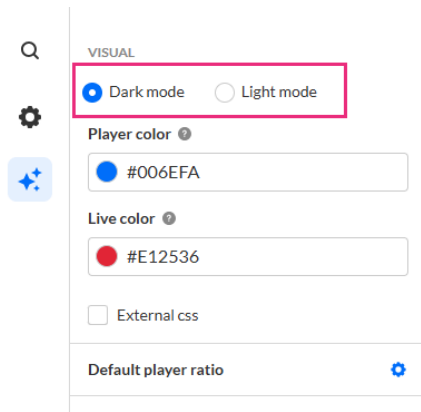

The visual settings display.

Set dark or light mode

1. Select one of the following options:

- **Dark mode** - Displays the player using a dark color scheme.
- **Light mode** - Displays the player using a light color scheme.

The player play/pause preview updates automatically to reflect your selection.

2. Click **Save** at the top right of the settings page.
