About

Comments allow users to participate in discussions directly on a media page.

If comments are enabled by your administrator, you can control whether comments are available for individual media items from the **Comments** tab on the edit page.

You can enable or disable comments for the following supported media items:

- Video
- Audio
- Image
- YouTube
- Document
- Draft entries

Comments for Kaltura Rooms are managed separately through the **Interactions** settings.

Who can use this

- Media owners
- Co-editors (depending on permissions)

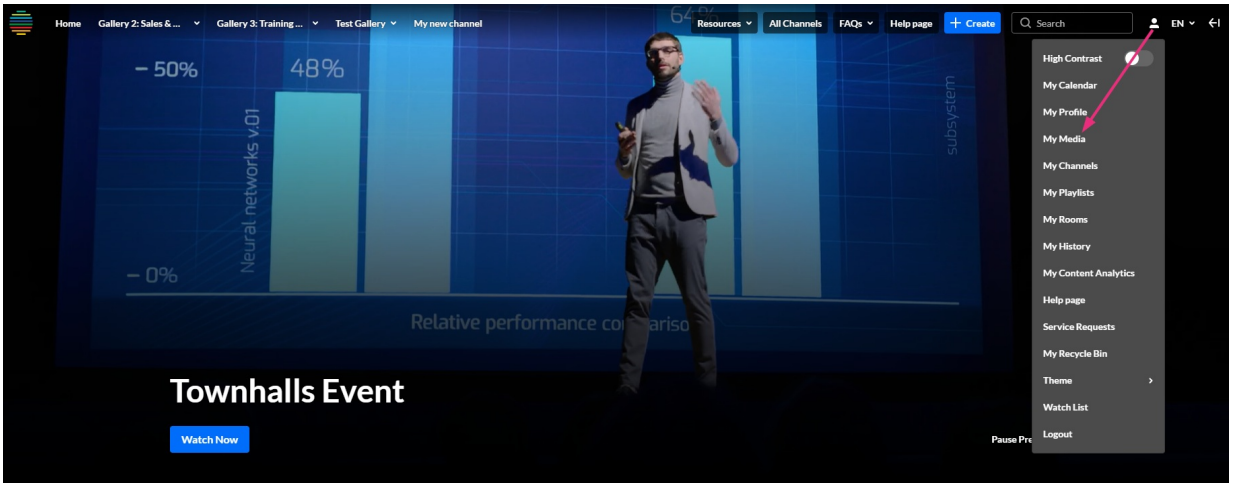

This feature requires the following to be enabled:

- Chatandcollaboration module
- Theming module with the 'mediaedit' and 'mediapage' features set to 'Yes'

Access the Comments settings

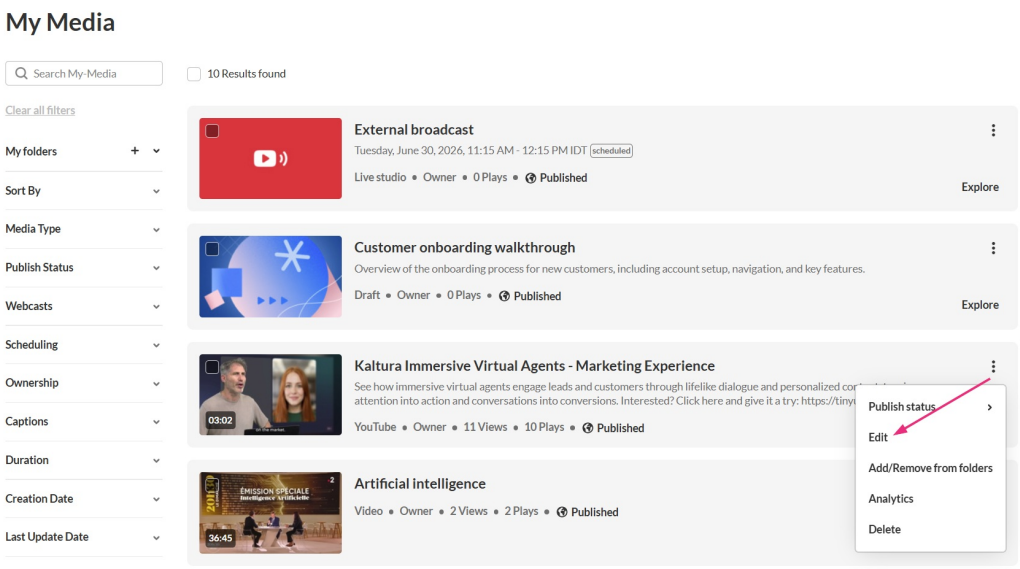

1. Select My Media from the user menu.

If you don't see the Comments tab, comments may not be enabled for the site or the media type may not support comments.

Enable comments

1. Click the toggle to enable comments.

2. Click **Save** at the top right.

When enabled, users can view and add comments on the media page.

Comments on recordings of live sessions

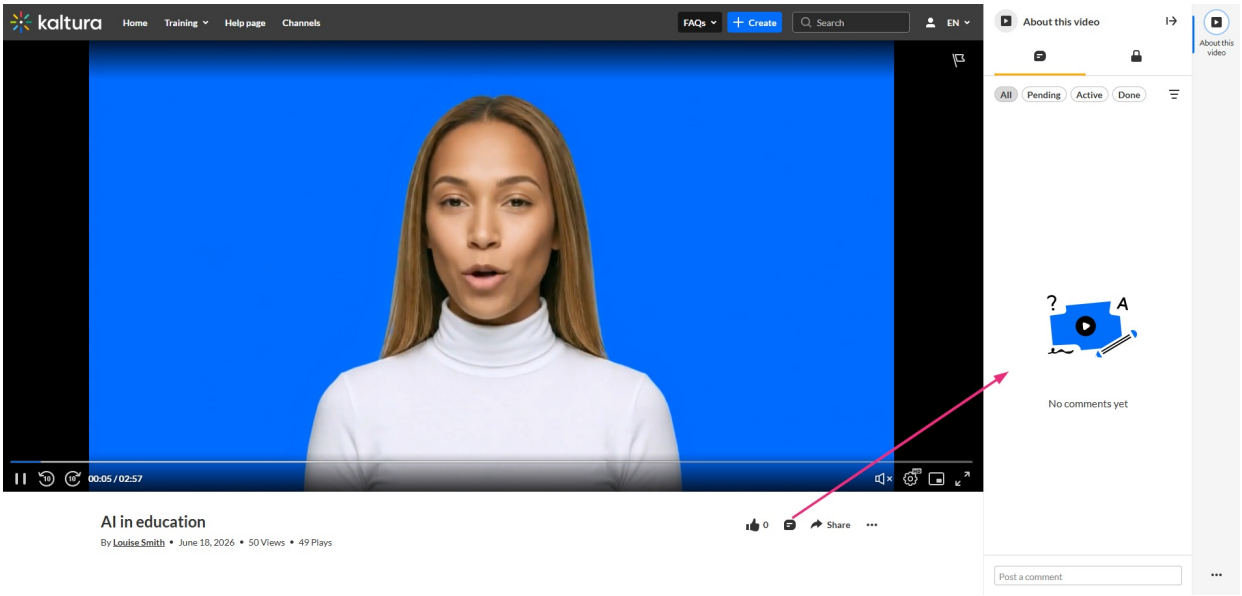

If comments are enabled for a live session, they remain available after the session recording is published.

Viewers can continue to view and add comments from the recording page.
