Kaltura Capture recording controls

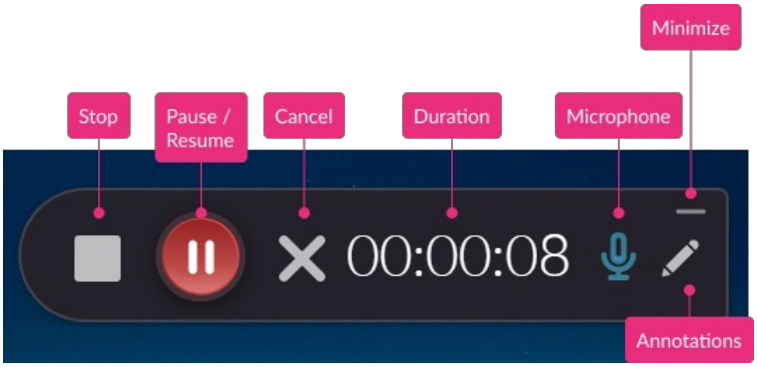

Content updated: 07/10/2026

This article is designated for all users.

About

This article describes the controls available in the Kaltura Capture recorder and explains how to use them while recording.

Recording controls

Record

Click the **red record button** to start recording.

A three-second countdown is displayed before recording begins.

For step-by-step instructions, see Create your first recording in Kaltura Capture.

Stop

Click the **gray stop button** to end the recording.

The Recording Management window opens, where you can preview, save, upload, or delete the recording.

Pause / Resume

Click the red pause button to temporarily stop recording.

Click the red resume button to continue recording from where you paused.

Cancel

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

Click the X to discard the current recording.

If you confirm the action, the recording is permanently deleted and can't be recovered.

Recording timer

The timer displays the elapsed recording time.

Microphone indicator

The microphone indicator displays the current microphone input level, helping you verify that Kaltura Capture is receiving audio.

If the indicator doesn't respond while you're speaking, verify that the correct microphone is selected.

Minimize

Click the minimize icon to hide the recorder while recording continues.

Recording continues while the recorder is minimized.

Click the Kaltura Capture icon to restore the recorder.

Screen annotations

Click the pencil icon to open the annotation toolbar while recording.

You can use the annotation tools to highlight or mark content on your screen during the recording.

For more information, see Screen Annotations.
