About

The **Shared Repository** is an institution-wide media library where educators can contribute media for others to access and reuse.

When you publish media to the Shared Repository, authorized users can browse or search the repository to find and use your content.

If you don't see the Shared Repository option, contact your administrator to enable it in the [Sharedrepositories module](#).

Add media to the Shared Repository

1. Access **My Media**.
2. Click the **three dots** next to the media you want to add, and select **Publish status**.

The screenshot shows the 'My Media' interface. On the left, there is a sidebar with filters: 'My folders', 'Sort By', 'Media Type', 'Publish Status', 'Scheduling', 'Ownership', 'Captions', 'Duration', 'Creation Date', and 'Last Update Date'. The main area displays a list of media items. The first item, 'Avatars In Kaltura (Source)', has a context menu open next to it. The menu options are: 'Publish status' (highlighted with a red arrow), 'Edit', 'Add/Remove from folders', 'Analytics', and 'Delete'. The second item is 'Drone Footage (Source)'. The third item is 'Explore media editing options' with a 'Published' status and an 'Explore' button. The fourth item is 'Sea View (Source)' with a 'Published' status and an 'Explore' button.

3. Select **Publish**.

The **Publish** window opens.

4. Select the checkbox next to **Shared Repository**.
