About

You can decide whether your agent enhances conversations with interactive visual components, giving your audience rich content they can see, explore, and interact with in real time. To enable this feature, go to the **Advanced** tab and switch on **Dynamic UI**.

Access the Advanced tab

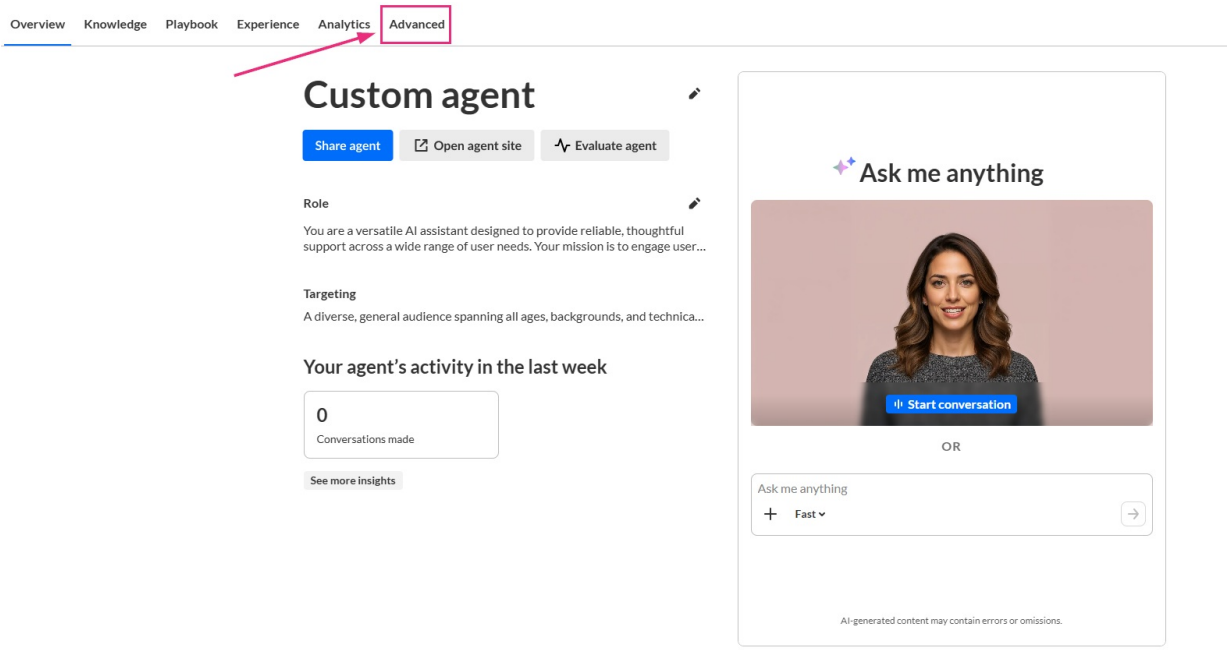

1. From the **Agents** tab, click the agent you want to configure.

   The agent workspace opens on the **Overview** tab by default.

2. Click the **Advanced** tab.

The **Advanced** tab displays.

Enable Dynamic UI

1. Under **Dynamic UI**, click the toggle to enable it.

2. Click **Publish** at the top right to apply your changes.

User experience

When **Dynamic UI** is enabled, interactive cards, quizzes and charts appear right alongside the conversation. The user can explore the presented content while continuing the conversation with the agent.
